“The total liberation and unification of Africa under an All-African Socialist Government must be the primary objective of all Black revolutionaries throughout the world. It is an objective which, when achieved, will bring about the fulfillment of the aspirations of African and people of African descent everywhere. It will at the same time advance the triumph of the international socialist movement.” —**Osageyfo Kwame Nkrumah**

Welcome to the Official A-APRP Website

The All-African People's Revolutionary Party (A-APRP) is a permanent, independent, revolutionary, socialist, Pan-African Political Party based in Africa, the just homeland of African People all over the world. It is an integral part of the Pan-African and world socialist movement. The A-APRP understands that "all people of African descent, whether they live in North or South America, the Caribbean, or in any other part of the world, are Africans and belong to the African Nation."

The All-African People's Revolutionary Party recognizes that African People born and living in over 113 countries are one people, with one identity, one history, one culture, one nation and one destiny. We have one common enemy — capitalism, in its many forms and manifestations — imperialism, zionism, racism and neo-colonialism. We suffer from disunity, disorganization and ideological confusion. And, we all have only one scientific and correct solution, **Pan-Africanism: the total liberation and unification of Africa under scientific socialism.**
