update: 5 Nov '01

SierraTimes.com 6th November 2001

"... God bless my family. I love my wife & children more than life itself. Everything I do is for the future of all my children. They may not understand why I have sacrificed so much, why I am so dedicated to this work; but someday they will. I want them to know they are the most important People in my life, and how very, very much I love them ..." - William Cooper

EAGER, AZ - William Cooper has been killed and an Apache County sheriff's deputy wounded in a shoot-out, authorities said.

William Milton Cooper, 58, of Eager, had hosted a talk show broadcast on the Worldwide Christian Radio out of Nashville, which receives it via phone from his home in St. Johns.

The deputy, whose name was being withheld by authorities, was shot twice in the head while trying to arrest Cooper, a state Department of Public Safety spokesman said today. Cooper was killed by another officer.

Several deputies were attempting to arrest Cooper, who was armed with a handgun, said Officer Steve Volden, a spokesman for the DPS, which was investigating the shooting. He said details of the shooting would be released later today. The deputy was in critical condition at a Phoenix hospital early today, Volden said.

Cooper was one of the most widely known Shortwave radio broadcast, "the Hour of the Time", heard worldwide and on the Internet. "William Cooper may be one of America's greatest heroes and this story may be the biggest story in the history of the world", said Mills Crenshaw, KTALK, Salt Lake City.

William Cooper was reared in an Air Force family. As a child he lived in many different countries, graduating from Yamato High School in Japan. Since he has traveled through or lived in many different foreign countries Mr. Cooper has a world view much different than most Americans.

William served with the Strategic Air Command, United States Air Force. He held a secret clearance working on B-52 bombers, KC-135 refueling aircraft, and Minuteman missiles. William received his Honorable Discharge from the United States Air Force in 1965.

William joined the United States Navy fulfilling a dream previously frustrated by chronic motion sickness. He served aboard the submarine USS Tiru (SS-416), USS Tombigbee (AOG-11), Naval Support Activity Danang RVN, Naval Security and Intelligence Camp Carter RVN, Danang Harbor Patrol RVN, Dong Ha River Security Group RVN, USS Charles Berry (DE-1035), Headquarters Commander in Chief Pacific Fleet, USS Oriskany (CVA-34).

Cooper was a member of the Office of Naval Security and Intelligence serving as a Harbor and River Patrol Boat Captain at Danang and the Dong Ha River Security Group, Cua Viet, Republic of Vietnam. William Cooper was awarded several medals for his leadership and heroism during combat including two with "V" for Valor.

He served on the Intelligence Briefing Team for the Commander In Chief of the Pacific Fleet. William was the Petty Officer of the Watch and designated KL-47 SPECAT operator in the CINCPACFLT Command Center at Makalapa Hawaii. There he held a Top Secret, Q, SI, security clearance.
William Cooper achieved the rank of First Class Petty Officer, QM1, E- 6 after only 8 years of Naval service, a difficult task in any branch of the United States military. William Cooper received an Honorable Discharge from the United States Navy on December 11, 1975.

William attended Long Beach City College where he picked up an Associate of Science Degree in Photography. He founded the Absolute Image Studio and Gallery of Fine Art Photography in Long Beach, California.

William held the position of Executive Director of Adelphi Business College, Pacific Coast Technical Institute, and National Technical College. Mr. Cooper was the National Marketing Coordinator for National Education and Software.

He produced several documentaries covering subjects such as the Kennedy assassination and secret black projects that have built flying disk shaped craft. William is an internationally acclaimed radio personality broadcasting the Hour Of The Time on WBCQ worldwide short-wave 7.415 MHz from 10 PM until 11 PM Eastern Standard Time (0300 to 0400 UTC) Monday through Thursday nights.

William Cooper is the author of **Behold A Pale Horse**. The book has become the best selling underground book of all time. It is read and promoted by word of mouth by People of all races, religions, and nationalities.

Mr. Cooper is a world class lecturer, one of the few other than superstars, monarchs, and Popes who have appeared at Wembly in London. William Cooper has lectured for 10 years in every State.

William Cooper, Trustee, has founded for Harvest Trust, the CAJI News Service, VERITAS national full size newspaper, The Intelligence Service, Harvest Publications, and has helped over 700 low power FM affiliate stations get equipped and on the air ... including the station he managed as Trustee for the Independence Foundation Trust, 101.1 FM Eagar, Arizona, broadcasting to 7,000 people.

Under his leadership Harvest Trust ventured into the publishing trade. The first book under the Harvest Trust imprint was **Oklahoma City: Day One** by Michele Marie Moore ... the definitive classic on the Oklahoma City bombing of the Alfred P. Murrah Federal Building on April 19, 1995.

Shortly after the bombing of the Alfred P. Murrah federal building Rush Limbaugh read a White House memo on the air during his broadcast which named William Cooper, "... the most dangerous radio host in America". Mr. Cooper considers William Clinton's pronouncement the greatest compliment that he has ever received.

William Cooper's FBI file, promulgated by the investigation required by his security clearances while in military service, was one of those unlawfully in possession of the White House in what has become known as, "Filegate". Shortly after this discovery President Clinton ordered all federal agencies to begin investigation, persecution, and prosecution of Mr. Cooper to shut him up.

After years of filing FOIA requests and researching the IRS William Cooper brought suit against the IRS in Federal District Court in Phoenix Arizona to force the IRS to produce proof of jurisdiction and delegation of authority which the IRS was unable to do. To short circuit Mr. Cooper's attempt to reveal the true nature of the criminal IRS, and to carry out the orders of the White House, the agency lied to a Grand Jury, not allowing William Cooper to testify, and secured indictments against Mr. Cooper and his wife Annie. This ploy successfully stopped Mr. Cooper from continuing his suit against the criminal IRS for fear of being arrested.

In 1998 VERITAS and Harvest Publications was sold to Hallmark Creative Corporation along with the copyright and all rights to all written material produced or ever to be produced by William Cooper including **Behold A Pale Horse** and **Oklahoma City: Day One**. Hallmark Creative Corporation has contracted to insure this material is always available to the public.

In 1998 copyrights and all rights to all audio and video material produced or ever to be produced by William Cooper was sold to Excel Studios Corporation including the Hour Of The Time broadcast.
In March of 1999, Cooper William sent his family out of the United States for their security. He lived and worked alone with his two dogs, one rooster, and one chicken.

William Cooper is the author of Behold A Pale Horse. The book has become the best selling underground book of all time. It is read and promoted by word of mouth by People of all races, religions, and nationalities.

A Clinton White House memo labelled him "the most dangerous radio host in America" while those who identified with his shoot-from-the-hip independence called him America’s greatest patriot.

Shortly after predicting that America would be attacked and the blame would be placed on Osama bin Laden, Bill was killed by the Apache County Sheriff’s Department during a raid on his home in November of 2001. He is now buried on a hill in Eagar, Arizona.

Biography

The son of a U.S. Air Force officer, Cooper grew up in a family which moved around the world living on Air Force bases where his dad was stationed. He had twin siblings, Ronnie and Connie, who were two years younger than he.[2] William Cooper was briefly active in the Masonic-affiliated youth organization DeMolay International.[4] He graduated in 1961 from Yamato High School in Japan[5][6] and enlisted in the U.S. Air Force that same year. He was honorably discharged from the Air Force in 1965. Later that year he enlisted in the U.S. Navy[7] where he rose to the rank of petty officer.[8] He served in Vietnam first on board a tanker, then following training at the Naval Security and Intelligence School for Internal Security Specialists,[9] as a patrol boat captain.[10] Cooper claimed that for the remainder of his Navy career he worked on and off for Naval Security and Intelligence.[9]
Behold a Pale Horse

Cooper's earliest notoriety developed among UFO enthusiasts, as he promoted UFO and Paranormal Research and documents he had seen while serving in Naval Intelligence. Cooper became a popular speaker on the UFO lecture circuit, and expanded his account into the 1991 book Behold a Pale Horse. The book details much of his research into government corruption, secret societies, conspiracies, and the UFO phenomenon. The title is from the Bible, Revelation 6:8: "And I looked, and behold a pale horse: and his name that sat on him was Death, and Hell followed with him..." Cooper later acknowledged that his UFO beliefs had been misguided, stating, "For many years I sincerely believed that an extraterrestrial threat existed and that it was the most important driving force behind world events. I was wrong and for that I most deeply and humbly apologize"[11]

Radio host, author, and political activist

In addition to his book, Cooper was also the host of his own worldwide shortwave radio show, Hour of the Time, as well as a political activist known for his court battles with the Internal Revenue Service (IRS) despite strong efforts to dissuade him from pursuing his case. He also operated a dial-up bulletin board system (BBS) known as The Citizens Agency for Joint Intelligence (CAJI). He and Wayne Bentson co-researched the related CAJI News Service brief titled BATF/IRS—Criminal Fraud, a history of alleged crimes committed by the Internal Revenue Service, Bureau of Alcohol, Tobacco and Firearms, and the Department of the Treasury. In an article published in Veritas magazine (issue #6, September 1995), Cooper asserted that the IRS is actually the same organization as the Bureau of Alcohol, Tobacco and Firearms. He had also produced several documentaries covering subjects such as the John F. Kennedy assassination and government "black projects." Cooper's detractors labeled him a conspiracy theorist because of his publications, a charge Cooper did not deny, arguing this:

Investigation of the alleged Internal Revenue Service and the Bureau of Alcohol, Tobacco and Firearms has disclosed a broad, premeditated conspiracy to defraud the Citizens of the United States of America. Examination of the United States Code, the Code of Federal Regulations, the Statutes at Large, Congressional Record, the Federal Register, and Internal Revenue manuals too numerous to list, reveals a crime of such magnitude that words cannot adequately describe the betrayal of the American people. What we uncovered has clearly been designed to circumvent the limitations of the Constitution for the United States of America and to implement the Communist Manifesto within the 50 States. Marx and Engels claimed that, in the effort to create a classless society, a "graduated income tax" could be used as a weapon to destroy the middle class. [. . . ] Through the clever use of language, the government promotes the fraud.[14]

William Cooper founded Harvest Trust, the CAJI News Service, Veritas newspaper, the Intelligence Service, and Harvest Publications. Under his leadership Harvest Trust ventured into publishing. The first book under the Harvest Trust imprint was Oklahoma City: Day One (ISBN 0-9653307-1-0), by Michele Marie Moore about the Oklahoma City bombing. In 1998, Veritas and Harvest Publications were sold to Hallmark Creative Corporation along with the copyright and all rights to all written material produced or ever to be produced by William Cooper including Behold A Pale Horse and Oklahoma City: Day One. Hallmark Creative Corporation has contracted to ensure this material is always available to the public. [15]
An advocate of free radio, Cooper operated the unlicensed Independence Foundation Trust at 101.1 FM in Eagar, Arizona. He boasted of having helped more than 700 low-power FM affiliate stations get equipped and on the air. [citation needed]

Later life

Cooper was best known for being the first to provide evidence of explosives being found inside the Murrah Building in Oklahoma City on April 19, 1995, including the type of explosive used. [citation needed] Shortly after the bombing of the Alfred P. Murrah Federal Building, Rush Limbaugh read a White House memo on the air during his broadcast which named William Cooper "...the most dangerous radio host in America." [citation needed] Mr. Cooper considered President Bill Clinton's pronouncement the greatest compliment that he had ever received. [15]

In June 1998, Cooper was charged with three counts of tax evasion under Internal Revenue Code section 7201 [16] and with bank fraud for allegedly giving false information on a loan application. [citation needed] A warrant was issued for his arrest on July 1, 1998 after he failed to appear in federal court. Claiming to belong to the "Second Continental Army of the Republic," he posted a message in big red letters on his Internet site:

"WARNING!! Any attempt by the federal government or anyone else to execute the unconstitutional and unlawful arrest warrants... will be met with armed resistance." [17]

The U.S. attorney for Arizona, Jose de Jesus Rivera, said federal agents would move carefully to arrest Cooper, who faced an indictment on charges that he failed to pay taxes from 1992 to 1994. [17] In Phoenix, Thomas Nixon of the U.S. Marshal's Office said authorities intended to act cautiously as they enforced the arrest warrant "because no federal agency wants any copies of Ruby Ridge or Waco." [17] But Nixon added, "Obviously, at some point, we'll effect the arrest." [17]

On his Web site, however, Cooper called summonses "unconstitutional" and "unlawful" because the federal government has no jurisdiction in Arizona "except over land that was ceded to the United States by the State Legislature." [17] In the 1990s Cooper's interest moved from UFOs, to covert government programs and the militia movement. In June 2001 he warned publicly about an important terrorist attack on United States of America that would be blamed on Osama Bin Laden. [18]

Death

By 1998 Cooper was living in Arizona. Still wanted on the charges of tax evasion,[19][20] Cooper was the subject of an arrest warrant for "aggravated assault with a deadly weapon" against a local doctor shortly before his death.[19] On his website, Cooper wrote that any attempt to execute unlawful arrest warrants "will be met with armed resistance."[19] In July and September 2001, Cooper was accused of brandishing a handgun to threaten passersby near his home in Eagar, Arizona. [20] Just before midnight on November 6, 2001, officers of the Apache County Sheriff's office converged on Cooper's homestead to arrest him on a warrant arising from the threat complaint.

On November 6, 2001 at 11:40 P.M., Apache County Sheriff's deputies attempted to serve an arrest warrant at Cooper's residence. Cooper was considered armed and dangerous. During the execution of this warrant, Cooper shot and struck a sheriff's deputy and was fatally shot by deputies. According to police accounts, members of the Apache County Sheriff's Office deployed several deputies in the area adjacent to Cooper's home in an attempt to draw him from his residence to serve an arrest warrant. After leaving his residence in his vehicle, Cooper confronted plainclothes deputies a short distance away. As Cooper drove back to his residence, sheriff's deputies attempted to stop him using a fully marked patrol vehicle to block the roadway. When the deputies identified
themselves, Cooper refused to stop or comply with orders from deputies, then fled back toward his house, drew a handgun, and began shooting. The Sheriff Report claims "After refusing once again to comply with the deputies' orders, Cooper exited his vehicle and began running toward the house, firing shots with a handgun toward the deputies", but nowhere in the report did it mention that Cooper only had one leg - the other lost in combat long ago. One deputy, Robert Martinez, was shot in the head and was hospitalized in critical condition.[20] Another deputy returned fire, killing Cooper.[21]

Following the shooting, the scene was secured by officers from the Eagar police department and Apache county sheriff's deputies. The Arizona department of public safety's special investigations unit is conducting an investigation into the shooting. DPS special operations were called to the scene to clear the residence of any potential hazards that may exist.[21]

- "What happens when you broadcast the truth is you piss everyone off!"
- "No one becomes popular by telling people the truth. History records what happened to the true prophets of the past. However, some have listened to their warnings and were not caught off-guard. Others have put their heads in the sand and refused to listen. They have died."
- "There has been a plan in effect since at least 1917 to create, create, an artificial Extraterrestrial threat to the planet Earth, so as to bring about a one-world, Luciferian Totalitarian socialist government. This Extraterrestrial propaganda has been promoted through movies, through books, in the newspapers; so as to create the idea in the public mind that this phenomena related to Extraterrestrials is real and that the threat is real."
- "We always know, we always know, which is the right way to go, and which is the wrong way to go. Sometimes, the wrong way is easier to go, or more satisfying, and so we choose that way instead of the right one and we justify it with complicated wordplay and such; but we are only kidding ourselves."

Transcript of Bill's Murder, Part 1 03/25/05

Today is Friday, March 25, 2005. Good afternoon ladies and gentlemen and thank-you for tuning in to The Hour of the Time. We have a special program today. My name is Robert Houghton. You’ll know me as the co-host of the Hour of the Time and I have on the line Mr. Doyel Shamley from Eagar, Arizona our very own host and after receiving I don’t know how many hundreds of email over the past several years and replying to each one individually trying to explain the night of Bill Cooper’s shooting, we decided it might be better for Doyel if I was just to do an interview with him and have him take us through all of the details one final time. There will be a transcript of this broadcast available on the Hour of the Time website, which is of course www.hourofthetime.com, and we’ll be making this tape available for a special pricing as well.

Rob So, are you there, Doyel. Alright.

Doyel Yeah. How’s it going Rob?

Rob I’m doing well, I’m doing well.

Doyel Alright

Rob Well, why don’t we roll back right to the very beginning I guess. If you could give us some detail on how you and Bill ever ended up hooking up together in the first place like how did you come to know about Bill Cooper, was it through reading Behold A Pale Horse or UFO research or just basically give us an idea of where the two of you first started meeting and talking.

Doyel - Basically it was mainly through research into the Brotherhood of the Snake and the Figian cap of liberty of course it’s relevance to the French Revolution as it’s called and we started
with mail correspondence and then went on to phone calls, conversations back and forth all the time and it became quite consistent. And then I decided to host him in a very relevant area of California where at the time the so called patriot movement was very strong so I hosted him for a two day seminar on symbolism because we had been comparing notes already so basically they, when I say they, him and Annie and the girls, Ally was just a little baby, came out to my region of California, the central valley, compared notes real quick the day before and I had all the equipment, the multimedia equipment set up and we held a two day 16 hour roughly, seminar on symbolism.

Rob So, he would have been covering a lot of the stuff that he covered in Mystery Babylon and then continued after that.

Doyel Yeah, of course, yeah. We did a full video presentation so people didn’t have to rely just pure on explanation because of, you know, it’s one thing to have read it, studied it and understand it or whatever after years of studying the stuff but when you can relay it with visual aids we had all that available held that conference, and at that point his regular conference was coming up again and he asked this time if I would be willing to come out and speak, which I did so and of course that’s all video taped.

Rob Now that’s down in Eager there or just outside of Eager, Pinetop or whatever.

Doyel Yes, and that was at Jeff’s ranch, many people would be familiar with Jeff and then we started working together. Of course, then after that it was basically a daily phone call type situation or something. After that, and next year we did the conference again. We had pretty much compiled a lot of research and decided we needed to compile it as a big unit because I had stuff he had never seen and he had stuff that I had never seen, etc. and we had thousands of these things and we compared notes so we compiled it and at that point in ’98 is when I moved full time because I would just take my army leave and come out here for oh a week at a time and things like that and spend the time out here with him in person, and at that point in 1998 is when I moved here permanently after that last conference. And I moved in with him of course and the family.

Rob And then he was pretty much doing it, I remember hearing your voice a lot of the time in those years doing the show or exclusively on your own when Bill was taking a night off or whatever. But I guess it was at that point full time Hour of the Time related research with Bill.

Doyel Yes.

Rob You were pretty much part of the company.

Doyel Yes, besides the girls having latched on to me pretty heavily because of their age and I’d been around all my cousins children, so dealing with children was no issue with me. Everything became just part, it was just a family. I lived with them, we split up who was mowing the lawn, who was cooking, who was shopping, whatever. Then that day came along when the federal marshal showed up while I was in Showlow running a mail errand for the operation over there in Showlow because you can only get so much here. You go to Showlow, it’s kind of the metropolitan area for us.

Rob Right.

Doyel Go over there and do bigger things and when I got back, is when he was waiting for me, and the marshal had showed up with their theoretical warrant which they never served, by the way, because upon being notified of their jurisdiction, they immediately walked out to pass the middle of the road, they knew that, they knew the deal, because half way over would have been over towards his property so they backed out and that’s when tension of course heightened at that point.

Rob Now, what year…

Doyel I mean all people started coming out of the woodwork, Fillerup with the FBI out of Pinetop-Lakeside those situations.
Rob  Now, that wasn’t the same warrant that we were talking about for the night of November 5?

Doyel  No.

Rob  You said that warrant was never served anyways but that was a different…

Doyel  Yeah. This one was a deal from the federal government and it was basically for IRS and bank fraud.

Rob  OK.

Doyel  But they served it with U.S. federal marshals and he was on the web site and I have the copies in fact on a CD of the website from that period where he was listed right on the front page in the top 10.

Rob  OK.

Doyel  And that was a whole different issue which they couldn’t prove crap on so that’s basically why they didn’t pursue it. Then Fillerup, now he was with the FBI out of Pinetop, now that is who Bill had contacted to give him all the evidence after the Oklahoma City bombing, asking him to pass on to the chain of command that this was an inside job and Fillerup was familiar with this of course so then he came over while we were just barbequing one day in the back yard but it overlooked the road and he came zooming up one day and we stopped him and he got out and tried this typical ploy “Oh, I just got this envelope I want to give you, it’s a personal note and this and that . No. See ya and go tell your bosses you guys really stepped on this time and it’s not gonna play down like Waco or nothing and at that point it was basically a full defensive mode as of that point as far as the property and the family because of the probing constantly by the federal agents.

Rob  Now, that eventually resulted in, I guess we could say, a stalemate where nothing progressed any further after, well a certain number of years had gone by, I guess.

Doyel  Yes, and leading up to that day in fact, except for the various probing and typical stuff they would do, taking pictures of me going shopping, I don’t know what the big deal was of me buying a head of lettuce that I could do things like that. Except for things like that they basically backed off and they realized that they had nothing to go on whatsoever. It was just to shut them up and in fact Fillerup was eventually replaced because he ‘didn’t bring Bill in’ and was moved off to their Siberia, wherever that might be.

Rob  So, as we move towards November 5 then, you weren’t living in the house with Bill at that point anymore, you had moved out on your own in Eagar?

Doyel  Yes, that’s correct, down the way, I don’t know, 3 blocks or so.

Rob  I’ve been to both houses, ladies and gentlemen. Without the use of binoculars, you can easily see Bill’s house from a lot of points in town but very easily from where Doyel is right now so.

Doyel  Yes. We did that partially because of the fact that it was very convenient to constantly keep an eye out because if anything looked goofy at my old place like one day just a stray dog, and a police officer was stopped here, instantly the phone was ringing and Bill could see the property.

Rob  And Bill had some contact with local police and Bill was actually quite friendly with the Eagar police department. Is that true?

Doyel  Yes. He had actually had both good and bad to say about the chief, Scott Garms at the time. Of course, most people only remember the bad, but actually he was probably 50:50 actually on the air and in person both and in fact, a lot of the law enforcement, I could safely say, actually about 90% listened to the show every night because when it was even skipping, we would get phone calls about music during the day. So it was something they would listen to all day and so there was a relationship or rapport I guess it would be better to say.
Rob 

For those people who don’t know, Bill ran 101 FM in Eagar, it was a low power micro FM station that broadcast basically 24 hours a day. It would broadcast the Hour of the Time show live and some other programs when they were available, but mostly it was an oldies music station classic hits from the 40’s, 50’s, 60’s and up to modern day I guess, so that’s what Doyel is talking about when he say people and the police would be listening to the station all day because it was broadcast locally in the Springer/Eagar area.

So what happened, I guess, I don’t know what time did you get up in the morning on November 5. You obviously were doing your normal routine with Bill. How did the events of the day go?

Doyel 

Well, I had gone to work like normal, that would be the fifth technically and gone to work, done all the normal stuff, got the mail, did the errands, did some shopping stuff and came up to have lunch like normal. He was actually quite jolly that day, everything was up, a big project he had been working on as far as finishing up Cua Viet was finished. I wish people could see the result that evening and as far as the air goes and so everything was basically normal. I mean that was all there was to it and then I went off on my way back to my regular job.

Rob 

Now, people will remember the last show that Bill did was on the Cua Viet book and the website, I believe it was cuaviet.com at the time; now that website is no longer up, we do have a copy somewhere. When the book gets published, we’ll try and put that back up. But just so people are aware, Bill didn’t do a huge confrontational broadcast that night where he had challenged local law enforcement to, you know there’s rumours all over the net he had somehow aggravated the police that day on the radio program and that’s why they came later in the evening to finally shut him down for good, so to speak.

Doyel 

That’s not true.

Rob 

That’s not true. It was just the Cua Viet show, you can actually order that from us if you are interested in getting that just send in and ask for Bill’s final broadcast. So Bill did the show, it would have been what time locally when he would have finished the show up?

Doyel 

That would have been 8:00, well ok 9:00 and p.m. of course and then that was just normal par for the course. By then I was home, eating dinner, cooking dinner whatever. I could hear it over the FM, I had that advantage and then that evening I did not listen. No, in fact most times I didn’t listen because I had already helped him put the show together so I knew the content already ahead of time.

Rob 

Great

Doyel 

So that wasn’t so much an issue. So quite often I didn’t listen to the show, I didn’t listen to it that evening and everything was just par for the course, went to bed, etc. The next morning, the house was waking up, people were getting ready for work, the boys were getting ready for school, etc, and I’m out in the living room headed outside and have my coffee if you will and I notice that the street is full of patrol cars, and we’re talking like dawn, so it’s very early and so I wasn’t sure what was up but I kinda poked my head out, looked around and it was odd how they were arranged. The street was definitely blockaded on each end and there were cars just right out front.

Rob 

Now this is out front of your home.

Doyel 

Yes, and having not heard anything I thought what the hell is going on. I mean that’s what was running through my head, so I asked inside I don’t know what’s going on and looking out the front window I noticed the Sgt. Fraser, now he’s with the Eagar police department; at the time sergeant, now he’s a lieutenant. He was walking up, he had just appeared to be chastising the new guys, pointing hands and they took off. He came up to the door, and was headed up, I should say, to the property, and so I came out because he was not dressed normal. He’s got the black wind breaker, tactical pants on, not what like you see here, ok. So something was wrong at this point, ok very wrong. Sgt. Fraser just simply said “Hey Doyel, I need to talk to you , if you want to sit down here
or go inside or what.” And I said “well, whatever, so I said “let’s sit down here, I’m having a smoke.” So we sat right down there on the front porch and he was very blunt and professional, I feel, it’s the way I would have wanted it delivered, looking at it 20:20. He just said well I gotta let you know that Bill’s dead and what happened was was there had been an alleged complaint against him by Dr. Hamblin in town, Eagar, of a purported assault and basically locally it was just like well whatever and handed off to the county, ok. So the county had sat on it and then decided they had something for a search warrant, so according to Sgt. Fraser, they came to serve that warrant, but they did it with a tactical team and they also did it at 11:47 at night, I believe it was 11:47. Anyway, just shy of midnight, which is obviously out of the normal. You get a guy who isn’t guilty, there’s been nothing yet, nobody’s been served yet even, it’s just supposedly a Dr. in town.

Rob And I want to reinforce here ladies and gentlemen that Bill did have a relatively friendly rapport with local law enforcement. Now law enforcement in general, of course, Bill did many programs on what he thought was wrong with law enforcement in America, in that they had become law enforcement officers as opposed to peace officers, but locally he had a reasonable rapport with these gentlemen and probably sending a marked patrol car up to Bill’s house at 10:00 in the morning and coming up and knocking on Bill’s door would have resulted in Bill opening the door and talking to these gentleman and obviously they did not want, however this raid was performed, they did not want to talk to Bill. There was a foregone conclusion in their minds, I believe, from everything we can, all of our research we’ve done since then, there was a foregone conclusion in law enforcement didn’t want Bill to walk away from this one. So like you say, Doyel, it is very odd that they decided to do this at 11:30 at night.

Doyel Yeah, it was out of the norm because I can grab you another handful of people who got the same charges on them probably around town right now and they won’t be getting hit with the county’s tactical team at just shy of midnight just to serve a warrant before a trial or anything. And actually as far as our rapport with law enforcement, we had actually worked with them in cleaning up the area because of transients and what not, happened through the area using drugs and leaving drug paraphernalia around. We had worked with them to get that situation resolved. We had congressmen and their staff at the house while we were barbequing on the back porch, so you know these people were there and that evening according to, at the time, Sgt. Fraser, the sheriff had a tactical meeting at the fire department which was just down the hill and the sheriff conveniently was out of town. So, in charge of the helm was a lieutenant Tafoya, Andrew Tafoya, and he’s nothing but a little rat piece of junk and he had made the call with the sheriff out of town all of that we’re going to take this charge that has been setting around forever, and we’re going to go and serve a warrant, just shy of midnight, but with a tactical team. So, they posed as just a bunch of group of people out causing havoc, drinking beer, whatever, you know, down the way from his house, probably 250 yards.

Rob Just to give you an idea, ladies and gentlemen, Bill lives on the top of a hill in Eagar and it’s a relatively undeveloped subdivision. Is there still only the one house up on the very top of the hill there, Doyel?

Doyel Ironically, just about, to my surprise even, I didn’t know either, driving from the backside, someone moved up a modular just about a month ago.

Rob Ok. So, I would say there’s probably, I don’t know, 10 or 15 lots up there?

Doyel Yes.

Rob Something in that neighborhood and down at the end of the subdivision is kind of a nice view of the whole town and there would be times when teenagers would in fact, you know, on a Friday night or Saturday night, do things that teenagers do, and they would go up there with their six pack of beer and make it into a little bit of a lover’s lane or that kind of thing, and Bill had in the past gone up and asked groups of teenagers to get off the hill, basically shoo them off the mountain, I think is the terminology that you used in the past. And of course, they were all scared of
getting caught by their parents or whatever, and they would pile into their vehicles and leave Bill’s little subdivision, so this is something that had happened in the past which is probably the reason that Bill didn’t give you a call before he headed out to investigate the ruckus that was going on at the end of the subdivision.

Doyel I would have to assume so because it was quite normal if something seemed awry. It didn’t matter what hour it was, he would call me and I would be instantly up there even when some guests were there that were not what they had worked themselves up to be, they were scared to go outside and check out things in the dark because the boogey man, so even though there’s three other people, grown men there, he still would have to call me, and I’d go look around and know everything was good, that it was kids down there drinking beer and whatever. It was, you know, quite the normal thing and it was like blueberry hill.

Rob Right.

Doyel They had gone up there at this late hour, unmarked by the way, ununiformed and did this event.

Rob The news reports that I heard said it was a, it was actually quite well phrased in saying that the ruse apparently worked that they had a truck load of drunken teenagers up at the end of Bill’s house, so it was I guess first off the truck that Bill would have seen up there, an unmarked, I’m assuming, half ton truck or something to that effect.

Doyel Yeah. It was just a plain old Chevy step side, a newer model.

Rob So they were ununiformed and unmarked in that vehicle, that vehicle was unmarked and the officers were ununiformed. Ok.

Doyel Yeah, and the stereo was blaring and what not, and the hooting and hollering of course. So it was quite normal, ok, and for something like that, I mean.

Rob Right.

Doyel And, now again remember this was per Sgt. Fraser who was called immediately in the middle of the night to go up there and get a debriefing, per se, even thought he was never there, from the sheriff’s deputy about what went on and Bill went down there in his pickup, of course, he’s not gonna walk. Talking midnight, no street lights obviously, rocky road, not paved, drove down to the cul-de-sac told them to skedaddle and they still never identified themselves or anything along those lines. And he, in fact, according to Sgt. Fraser, upon his briefing from the same department, the Apache County Sheriff’s Department, Bill told them “I’m going back to the house to call the Eagar Police”.

Rob Which is what a typical reaction would have been to say “Hey, if you kids aren’t willing to leave I’m going to go call the cops on you”. And then he wanted them off the property. Now, I just want to draw a definite line between the two police forces that we have involved here in this incident. The first being the local town police, which is the Eager Police Department and the second being the Apache County Sheriff’s Department. Now it’s the Apache County Sheriff’s Department that actually performed this raid in the town of Eagar. So how were, what does Sgt. Fraser have to say about how were they briefed about the fact that the Sheriff’s Department was going to come in and do a raid on Bill’s house in their jurisdiction, I guess.

Doyel Well, they weren’t. They were completely told after the fact. In fact, the way it came down the chain of command was they performed this and then after the shooting was done, called the chief, which was Scott Garms and notified him that he had a citizen dead. And they did this and this in his town. So then, of course, he called his two right hand men, which was lieutenant and sergeant, and that would be Lieutenant Kirkham and Sgt. Fraser.

Rob Ok.

Doyel So then, all three of them met immediately and were up there, I think by about 1:00.
Because, you know I’m sure the sheriff delayed a little while, covered up whatever they wanted to cover up, then they had to make phone calls and people had to get away and get dressed, so there’s an hour leeway there. They got up there and that’s when, of course, the local pd, the police department, needed a briefing. You know, what just occurred in our township.

Rob    Ok.
Doyel    And at that point is when they relayed this information and Sgt. Fraser feeling that he admitted in his own report that he had a pretty good rapport with us, thought he would be the most logical one to come to my doorstep.

Rob    Ok. So, just to catch back up to where we were, I apologize for taking you off track there for a second, but Bill had gone down and the last thing you had said was that he had offered or he had suggested that he was going to call Eagar Police Department if they weren’t willing to get off the mountain, and at this point he was still unaware that they were officers trying to serve an arrest warrant on him.

Doyel    Yeah, and in fact at that point based on just historical evidence in Arizona, being that he was going to involve law enforcement, the agency should have identified themselves which they still did not do and they admitted that to the police. Ok, so he had to turn around, which would be a three point turn around, because basically a lane and a half and was headed back to the house, like I say about 250 yards or so, and at that point a deputy came out of the little shrubs, the juniper trees, and they rushed his vehicle because he was just bebopping back very slow actually which wouldn’t be uncommon, either. You know by going back slowly and what not, that might be the last thing that a high school kid need to convince him that this guy is not messing around and go back and call he cops. And they came at his vehicle, basically three directions and the one that came at the driver’s door, now that was reported heavily in the press that Bill ran over him and this and that, that’s total bs. Bill had a step side pickup and according to the briefing team, the guy basically ran up and Bill had had his window down still because he was talking to this group of what he thought were kids, high school or college, whatever, and he jumped up on the step and tried to swing at Bill, and Bill knocked him off and they admitted that it was a punch that knocked him off, no running over him, no nothing like that.

Rob    Ok. Well, I mean that never surfaced at any future law suits either. There was never anything else from, no complaints from this particular gentleman, so to speak.
Doyel    No, it was just he made a dumb move as an officer and got punched.

Rob    If, you are interested, ladies and gentlemen, the Cooper Hill Band song, Crusher, there’s a video of that available on the hourofthetime.com website, and you’ll actually see video footage of Bill’s hill, and we drive from one end of the hill to the other during that video. So, if you’re not interested in the music, you can mute the music and just watch the video there and you can see the terrain that we’re talking about. And being November, I would have assumed that it was pretty much like it was, I guess, in April when that video was shot.
Doyel    Yeah, except for the fact of probably one of the worst monsoons ever.
Rob    Right. It was raining a lot at that time.
Doyel    And so it was incredibly dark outside.
Rob    Now, was it raining the night before as well?
Doyel    From what I recall, no. It started mid morning.
Rob    Ok.
Doyel    When it goes off here because of monsoons, massive lightning shows
Rob    So, you remember being woken up at 2:00 in the morning, you said, I’m not sure if that got cut off on our tape. The monsoon hadn’t started yet, it probably had started at 2:00 or 3:00 in the
morning as you’re saying. Now, Bill pushes this guy off of his pickup truck, who’s trying to swing at him to stop him, I’m assuming at this point, are these officers in uniform?

Doyel No, at this point they still have not identified themselves.
Rob Ok. But I understand there were officers with tactical gear up closer to the house, so they would have been easily identifiable as police officers I would think at that point, or as members of some tactical team.

Doyel Yeah, and the thing is though where this occurred was, let’s say from the cul-de-sac 50 yards, you still got 200 yards to cover, and being that there’s no street lights he wouldn’t have been able to see the front of his house which was the whole face and when he got to what’s the crook in the road, which you can see in that video that you mentioned, that’s when a car came zooming uphill, and that would be the access from town up this little hill and that one tried to cut him off and at that point I’m assuming he knew something was wrong. Now, here is the real clincher. In the briefing they told Sgt. Fraser, who was decided the one to come talk to me that he, Bill, had put the vehicle, the truck in park and had stuck both his hands out the window, palm open fashion, basically showing I don’t have nothing in my hand.

Rob I’m not a threat, basically. That’s the idea.
Doyel Yeah. Well, then at that point, more people came out of the other trees, you know I don’t mean out of the air, this little brush, 6 to 8 feet tall.

Rob Is my memory serving me correctly in that there were fourteen officers involved?
Doyel Yeah. At this point…
Rob So, there would have been five or six in the truck or three or four in the truck and then a few in the bushes, the patrol car, the house and then these other gentlemen that were coming up. Ok. Just trying to paint a picture here of what happened, so.

Doyel Oh, of course. And at this point he obviously realized that something was wrong and he whipped his hands back in, threw it into gear, no he did not grab a gun even thought there were two available in the truck. I know for a fact, and he didn’t do that though, he put it in gear and floored it trying to avoid the car that was attempting to blockade his way home, down this little lane. He went over the ferns and the evidence was there after the fact because the whole exhaust system was torn out basically from the front header the front axle back and the marks were of course on the fern and dirt and that was avoiding that vehicle which was Apache County Sheriff. And again unmarked though. And then goes up to the front of his house which is just the front lawn, no fences, no nothing like this, he wasn’t walking out his gate and gunned down like some people like to portray and he whipped up to the front of his house at just a slight angle, but still basically parallel with the yard and got out and ran around what would be the back of the vehicle, the truck, to go to the front door. Now, when we say run, people need to keep in mind, we’re talking about a priority wounded, one legged veteran.

Rob Bill had an amputation, which leg was it, Doyel?
Doyel Left.
Rob His left leg, so just around the knee area, Bill had a, was it above the knee amputation?
Doyel Yeah, it was pretty high, it would be mid thigh.
Rob Ok. So mid thigh on the left leg. So Bill Cooper running would be no match for Carl Lewis.
Doyel No, definitely not.
Rob He’d be no match for an average man of his age basically because of the fact of the injury.
Doyel: And for his size and what not, he moved fairly slow with just the slightest limp you would think based on his age and size, until you found out that he had a prosthesis, so actually he moved around quite well for having a prosthesis, but running, no. I don’t know how many times us playing ball, flying kites and doing Easter egg hunts, or whatever, throwing rocks at the trees that one of the girls fell down and I’d beat him by fifty steps, you know, getting there to pick them up because he couldn’t run. I mean, it was just not in the equation and he would be crossing the front yard, which would be about 25 foot would be it, from his vehicle, not from his vehicle, but his vehicle was parked right at the edge of it because there’s no fence or gate or nothing like that. So to the edge of the grass is about 25 foot to the front walkway which is a little skinny sidewalk type walkway that…

Rob: Basically just patio type stones.

Doyel: Yeah, and the front door right there, and at that point, according to the Sgt. Fraser, at that point they finally identified themselves, the Apache County Sheriff, that is. But, by then, though, there was one coming around the south side of the house and hiding behind a vehicle which he’d already seen, and pointing a gun at him, also, and then one coming over a vehicle on the north side of the house over the hood of a vehicle that was in the driveway and was basically right at the edge of the yard. And at that point, they claimed that he pulled out his 38 Smith & Wesson, it was a stainless chief special and he just swung his right arm back and started pulling the trigger. At that point, because he opened fire, they opened fire and shot him to death right there on the door, basically on the doorstep, he was…the blood and everything was left there of course so I got to deal with all the mess. There was even hair still laying around and whatnot. It was probably 18 inches from the edge of the sidewalk, so you’re talking 3 more foot from the front door.

Rob: Now, were any of the shots that Bill fired, any of those slugs recovered, because Bill allegedly shot one of the sheriff’s deputies and apparently there was a law suit which we’ll talk about a little later. Were any of those bullets ballistically matched to Bill’s gun?

Doyel: No. If it was done, I haven’t found it.

Rob: Ok. So we haven’t seen that evidence, even the head shot to Officer Marinez, Deputy Marinez, there was…were there no ballistic tests done on that bullet?

Doyel: There’s none in the report.

Rob: Ok.

Doyel: So, if they were done, they’re not published as part of the regular report, and that’s where the problem gets into, that we’ll get into later.

Rob: Now, at that point, I think most of the listening audience will understand that in any situation like that, when a gun goes off in the hands of somebody that they are trying to arrest for whatever reason, the officers are going to return fire. Now, I think the question here is, has actually been properly explained in the autopsy report that Craig Pradarelli did on that show he did with you, that interview, I think that most of that information can be obtained in the autopsy report if people are interested in exactly how Bill was shot, how close these officers were, what the prevailing theories are as to all of that type of information.

Doyel: Yeah, the autopsy report we did, which I just called Part 1 only because Craig is going to be back on with us again.

Rob: Right, he’s taking a look at some of the other police reports and…

Doyel: He clearly points out the angles, the distances, even the order based on pure anatomical evidence the order of fire, or I should say, the order of hits.

Rob: Right, like it seemed like the shot to the heart came after the shot to somewhere else in his body because the heart was still pumping at this point when he was, you know, there’s different evidence, I guess people will be more familiar with that kind of thing because of television
programs like Law & Order, CSI and things like that.

Doyel Yes, basically the order of shots shows that the shot to the head was prior to the shot to the heart, because the amount of hematoma that was coagulated in the neck and the cranium area, but because of the heart shot and the arteries that had perforated, the pumping ceased immediately.

Rob Ok.

Doyel So, it had to be in that certain order and that throughout the report he goes step by step, you know we did that on the air step by step in the report as far as the order and the distances which are a key thing, and the angles.

Rob Yeah, he talks about stippling, which is basically evidence of gunpowder blast from the muzzle of the gun and you have to be within a certain distance to have stippling on a gunshot wound, so you have to be within three feet to have a certain type of stippling, you have to be within one foot to have a different kind of stippling, and then beyond those distances there is less and less stippling until the point that they can’t be seen at all and he discusses each individual wound and whether stippling was present or not, and what conclusions we can draw from that evidence.

Doyel Yeah.

Rob All right, Doyel, well I think that this is an appropriate point to take a musical break, and we’ll play a song for Bill here, and maybe we can let you pick that tune, something that he really enjoyed.

Doyel Well, I know the favourite song, but I don’t know if you’ll have it.

Rob What one would that be?

Doyel That would be the one he always sang with Ally.

Rob Ok, yes indeed. We’ll put that one on. Coming up next we have that from one of his previous programs that he did, so. Ok, so stay tuned, ladies and gentlemen, coming up after this short musical pause we’ll be back and we’ll be finishing up with what happened later that night after Bill did fall to the ground, what happened the next day. We’ll come back to Doyel waking up in the morning coming out onto his front porch, and this is when he met the officer, and then the turmoil that happened for the next 24 hours, I guess, probably just until 9:00 p.m. that night, and then we’ll jump forward to the day of the funeral and there will be a mention of who performed that service, a few of the attendees, and where we’ve gone from then. Stay tuned.

Rob Well, I hope that song brought a smile to your face, ladies and gentlemen. I know it certainly harkens be back to the days when I remember a couple of shows that Pooh played that number on. Certainly it harkens back to some of the happiest days of Bill’s life and I know we’re talking about some very sad details here tonight and I know that it’s not the easiest thing for Doyel to talk about and I appreciate you offering to do this, hopefully for one final time here and we’ll get everything out in this one episode. I’m sure that the listeners really appreciate that too.

Doyel Yeah, it sounds good.

Rob Alright. So, I guess where we left off Bill had been shot and he’s now lying in his, basically on his walkway up, going up towards his house and this would have been shortly after midnight on, I guess now, it would be November 6?

Doyel Yeah, well they…the minutes there are confused because they basically, depending on what report you read, you get the show-up time and the finalized time at roughly the same time, about a quarter to twelve.

Rob Ok.

Doyel Based on talking to all the neighbors down the way, one of them that was up, the only vehicle he saw going by, because he was up, was about 11:30, so, you know, it’s the time frame,
yeah 11:30 total time to midnight. Of course, they would have positioned themselves at the end of
the road, there little fictitious party going on, what not.

Rob Now I understand that there was some contact made between the Apache County
Sheriff’s Department and other emergency services in town, specifically I’m talking about
ambulance service and things like that. Now is it true that they were told to operate that evening or
at least around that time of night with no sirens, they were told to, they were supposed to be silent,
they were told to go quiet?

Doyel Yes. The paramedic just prior to going up there for the Apache County Sheriff, that is
they were informed to go perform, what they call a service and they had told the paramedics
department, which is volunteer for the most part, but of course there is one or two paid on shift, that
are paid, to leave all the sirens off, the lights off, all that. And that’s probably the only reason that I
didn’t hear anything going on, because if all that stuff would have been blaring I would have heard
it. It was a decently weather night, so with the cloud cover and not much wind at the point when I
went to bed, the bedroom window even was cracked slightly and being only about a mile away, I
would have heard sirens. And the neighbors also reported at the drive by distance to get to his house
that there was no lights or sirens whatsoever, and I followed that up with interviews face to face
with paramedics and they had been briefed just prior to the Apache County going up there that not
to run any sirens, lights, they did not want to alert the public what they were doing.

Rob And at some point, obviously, there would had been an ambulance in need for, I mean if
an officer got injured, now in this case Marinez did get injured, so obviously he was spirited off to a
hospital at some point, right around that midnight mark when all this went down. Were you ever
given any reason why they did not attempt to resuscitate Bill, even, I mean maybe the injuries were
too severe obviously from the autopsy report we know they were too severe, and he couldn’t have
been resuscitated, but why was there no attempt made, do you have any knowledge about that?

Doyel Well, the decision was made based on one of the deputies that saw the two main
shooters taking place, we’re talking Deputy Goldsmith who since died in a mysterious accident.

Rob That’s the motorcycle accident?

Doyel Yeah.

Rob Ok.

Doyel And Marinez, that those were the two main people in the front yard, but there were
other people getting close enough that you could see enough because we had a sixty watt bulb on
the front porch so, I mean, it was enough to tell and essentially what the police were told was that
he was basically dead before he hit the ground. Yet the autopsy report did not play that out.

Rob Ok.

Doyel But, either way, if there was some time given to Marinez and with the loss of blood
based on what I had to clean up, and I had to identify the body of course at the morgue and
everything, it wouldn’t have…you wouldn’t have had to waste much time quite honestly, let’s say
over on Marinez.

Rob Ok.

Doyel Where Bill would have been dead either way because the wounds were massive and
like you say the one to the cranium, perforated heart, these were major wounds and the bleeding
was profuse, so at that point theoretically one of the deputies on site, and it was backed up by
Lieutenant Andrew Tafoya, who was the one that night that was in charge because the sheriff was
gone, that care was to be given to Marinez, not Bill. And then the paramedics got there and did
there, you know, rush stat-type care on Marinas and then got him down to the local medivac, which
we used to have, we don’t have anymore, and flown out into Showlow and then on to Phoenix,
whatever.
Rob: Ok. So, but there was never any attempt made to even take a look at Bill, kind of thing?

Doyel: No, basically none whatsoever. They deemed it in their own minds that there was no need to look at it and it kind of follows up with the next step in the whole sequence because upon a person being deceased or hypothetically deceased, you had to call in the county coroner.

Rob: Right.

Doyel: Well, conveniently the county coroner is Dr. Scott Hamblin, who’s the one who the whole assault charges surrounded. So, they didn’t call him in because of conflict of interest so they had to call Navajo county’s corner and wake him up, and get him over here. Well, we’re talking the next county over.

Rob: Ok.

Doyel: So, then in the middle of the night, he’s gotta get up, get dressed, get what he thinks he might need and drive. So, there’s another couple of hours leeway before he got there being dead on site, and then he was left there throughout the entire day through some record monsoons for that year out in the open. In the sense of the fact that he was left on site, I did query with the law enforcement officers when I get through the barricade and they told me that a gentleman up there said we’re not barbarians and took his poncho out of his truck and covered up Bill.

Rob: Ok.

Doyel: Because he was just left out there in the open. And then it was left at that, and then about, this is going from memory at this point now, Jewkes Funeral Home, which is the only one we had at the time, they came up, I would say it would be about 4:30 in the afternoon and picked up the body because that’s who picks up the bodies and holds them to do autopsies, which in our case is Tucson is the forensics lab.

Rob: Ok.

Doyel: So, five hours out.

Rob: Now, at what point during the evening, Bill had two dogs, Sugar Bear and Crusher, and I understand that during the raid Sugar Bear had run off, I guess wasn’t on a leash or something like that, or wasn’t on a chain at some point, but Crusher was still chained to one of the vehicles. Now, in the police reports it also shows that Crusher was shot, is that not correct? Now why would they have shot a dog that was chained up?

Doyel: Well, what they…what happened was was in the driveway Crusher was tied to the bumper of the, I think it was a ‘76 Buick and he was barking and essentially going after, according to their report, they went to go try to just grab the dog by the collar, now this is real ironic because all of us knew Crusher and about Crusher, they knew better than to do that.

Rob: Well Bill always described Crusher as the best dog that he ever owned and it was able to learn hand signals and would obey, basically two people on the planet, and the first being Bill, the second being you.

Doyel: Yeah.

Rob: So, obviously the dog’s interest was in protecting Bill.

Doyel: They took a new animal control person and told him to go up and try to grab the dog, which is absurd because they knew that Crusher was a defensive dog and was going to watch the property and of course, his owner laying over there on the grass. Upon him almost getting bitten, then that was the excuse used to pop Crusher in the head.

Rob: Ok.

Doyel: And then Sugar Bear was chained up actually to the front porch but it was the end of the porch where Marinez fell and Sugar Bear and the two chickens kept, well quite frankly playing
in the blood, and the paramedics who were getting in their way, so they unlocked, left the chain there, just unhooked it from the leash and he ran off. Probably didn’t know what the heck was going on and he actually surfaced about two weeks later again and went to a dear friend of ours for a family pet.

Rob Ok, well I’m just trying to cover all the angles of everything here because these are questions that people have asked what’s going on here, so, this point in the evening it would be early morning or whatever, and then when the officer came to your door, what time would that have been, Doyel? You said it was near dawn, kind of thing.

Doyel Yeah, but because of the time of year, November, you’re talking let’s say 6:00.

Rob Ok, and this is when…

Doyel It was pretty dark.

Rob Now, he obviously didn’t explain all these details to you on your front porch; he told you that Bill had been shot and was dead and…

Doyel No, actually he explained all these to me.

Rob Oh, he did.

Doyel Yeah, we had a massively long meeting.

Rob Ok. I wasn’t aware that that all happened at that point. At some point was it this gentleman that took you in to, I don’t know what you would call it…

Doyel The command centre, ICC.

Rob ICC, the command centre? Ok.

Doyel Yeah, that’s what it’s called, Incident Command Centre and that’s what, it makes the tactical guys who can’t make it in boot camp so they come out here and work for peace, it makes them feel big; they have all these acronyms for the quasi-military thing.

Rob Right

Doyel And they had set up a centre at the edge of town at the rodeo grounds, that was the Incident Command Centre and there they had radio communications and the fed was there, and they had black helicopters, they had the land and everything.

Rob Now, was this where the initial raid started from?

Doyel No, it initially was organized after that tactical meeting at the firehouse, which would be, as the bird flies, 200 yards from Bill’s house.

Rob Ok.

Doyel But the firehouse had always been there, it wasn’t like it was…and they had met there for years, so it’s not like that it’s any significant thing, the fact that it was there, whatnot, they met there at night for years.

Bills' Murder - Robert Houghton Interviews Doyel Shamley about the events surrounding November 5th and 6th, 2001

Updated: Thursday, December 8, 2005 10:29 AM

Part 2 - The Hour of the Time 03/28/05

Rob So, we’ve basically finished with the events of the evening of Nov. 5 and we’re around about 7:00 o’clock in the morning following Doyel’s conversation with the Eagar Police. Ok, ladies
and gentlemen, just at this point I’d like to interrupt the interview I was doing here and just make note of two, actually just two clarifications that we’d like to make. When we were talking about Officer Kirkham we had, Doyel had inadvertently said Lieutenant when actually his current rank, I believe, is Detective Kirkham so, we just wanted to make that correction and we wanted to clarify the date of the funeral; we had theorized or Doyel had thought it was possibly Nov. 15, that is actually correct. It was Thursday Nov. 15, 2001 at 9:00 a.m. So Doyel just wanted to make confirmation of those two details. So, we’ll continue with the interview. Thank-you.

Rob It came on what exactly had happened up on the hill that day and Doyel’s just been taken to the ICC you said, Incident Command Centre or Incident Control Centre?

Doyel Yes, Incident Command Centre.

Rob Incident Command Centre, and this is where the not so friendlies were.

Doyel Yeah, by now, ok, there’s probably an hour on the front porch with the Sgt. Fraser and then, like you say, about sevenish, eightish, now we’d be pushing a little after eight. I saw the immediate need to secure this and that.

Rob Well basically the house and all of the, at that point in time, the broadcast studio was in Bill’s house at the top of the hill. All the master tapes were in Bill’s house at the top of the hill. Basically everything that Bill had done in his entire life was sitting at the top of the hill and I guess they had search warrants to, or they were trying to procure search warrants to try and confiscate all of this material.

Doyel Yeah, they actually had a search warrant already done about, oh, I don’t know, about three pages long that was written in such a way that it would allow them to secure anything in that house because it said like any recordings that were a broadcast and any recordings of his thoughts that any device that could be used to record those thoughts. So that carried on legally in their mind to VCR’s, tape decks, computers, because he might write himself a note. So you can see the vastness immediately.

Rob We could have lost the entire library basically.

Doyel Yeah. So, by then, I realized the need for, well the neighbors obviously didn’t want to talk like normal that morning and I realized the need to be prepared for whatever. So I had me a jug of distilled water and figured we were going to go at it, and Officer Kirkham, who at the time was Lieutenant Kirkham, heshowed upin front of our property. Now, he came up to the door, and gave me his condolences and whatnot, now that was probably more professional courtesy than true feelings, but oh well, and he relayed to me that the Apache County Sheriff and other entities would like to know if I would be willing to come out to the Incident Command Centre, because they’re gonna take the house over.

Rob Now, at the same time, ladies and gentlemen, you have to realize that the street in front of Doyel’s house is still blocked off, the cruisers are there; I don’t know what kind of choice you would have had anyways. You know, I don’t think they would have let you get in your truck and just drive off to the Circle K for a cup of coffee.

Doyel No. No. And I just figured go because the simple fact too is that, at that point, I had to assert the something responsibility for the trusteeship, and that meant protecting the property for the beneficiaries which were Pooh and Allison so…

Rob Those are Bill’s daughters, ladies and gentlemen.

Doyel And so I said, “Well, yeah, we can go out there.” But I told them, I said “I don’t trust you guys as far as I can throw any of you, so you’d better stick to me like glue while we’re out there.” And he actually did so. He took me out to the Incident Command Centre and we got out, and we got out of the vehicle, and of course everybody in the world is looking around and ducking and this and that because they think, you know, military, even though they’re a bunch of cowards, and
they approach Lieutenant Kirkham, ask him who I was and I’m only like four foot behind him, so I
don’t know why the rude people just didn’t ask me. But he said “Well, this is Doyel”, and they go
“Ok, well, we need to talk to him.” So I told Kirkham again. Lieutenant Kirkham, at the time
Lieutenant, we need to go in here and fix this situation and get it done with now. And you’d better
stick to me and he agreed to, and he did so. And we went into this briefing room that had a big oval
business-like table. And they had various paperwork spread around; they offered me a seat, and
whatnot and then they started drilling me with questions. So I said “Well, hold up here. You know, I
just want to let you know right now here’s my full name, I have the document and I am trustee and I
am fulfilling my judiciary responsibilities for the benefit of the beneficiaries and you need to know
that right now.” And they all just kind of looked; most of them had probably never heard the word
before and they said it was duly noted and then they pulled out the aerial photographs and the maps
of the area and that was what gave you more of an idea that what they had tried to relay to the
public was not the case, that it was just a simple…

Rob  Yeah, they said it was a one off, quick raid to go and serve some papers that had, you
know, there’d been no previous planning. Yet the planning was done at the, that evening at the
firehall where they went up the hill, or that’s what they claim.

Doyel  Yeah, and what they had pulled out was thermal and satellite images of the property
and the house, plus hand drawn sketches of the interior. Now that interior sketches could have only
been given by two or three people and we were able to quickly figure out who that was. And in fact
they were greatly mistaken because that’s how I knew who did it because certain areas of the house
like your personal living areas, the bedroom area, of course, they were never invited. So they had
the living room, the more public areas correct, but in the private areas they were missing like whole
closets and the whole bathroom was gone, because they had never seen it. So that’s how I knew
who did that and that was Glen Jacob, Judith Glen Jacob, and Bill had exposed him previously
already on the air as being an FBI informant; he admitted to it himself on the air that he was a paid
informant.

Rob  Now he’s…I’m trying to remember the name of the paper that he publishes.

Doyel  Round Valley Paper.

Rob  Round Valley Paper, ok.

Doyel  So, they asked me about all these photographs and this and that and said well our plan
is to, because you guys have it booby trapped, we’re going to blow the front of the wall off. And
I’m like, hold up, we don’t have anything booby trapped; I don’t know what you’re talking about.
And they said well we have good evidence to lead us to believe that the house is booby trapped
and it’s not safe to go inside, so, we’re going to use a robot to go up to the door, and this is a commonly
used tactic.

Rob  Right, if there’s a briefcase sitting somewhere in an airport for too long, or whatever,
send a robot up to sniff it out or blow it up or whatever the case may be.

Doyel  Yeah, and they have the equivalent of a shotgun and it’s only four inches long that
blows stuff up if it doesn’t look right. So that was their idea, but it was going to be with, like an
explosive charge. So, I said, “No, that’s not the way to do it. If he walked out of the house like you
guys have told me, to go down the way the door’s unlocked and I am offering you right now a one
time opportunity. You can, I told them point blank, you can search me, you can stick a gun in my
back, I will walk in front of you, I will go through that entire house that way, open any cabinet door,
any box, jump up and down on the ground, whatever you want me to do to prove to you it’s not
booby trapped and there’s nothing in there.” And they said, “Well, that’s not part of standard
procedure.” So, I relayed back, I said, “Well, I’ve lived here forever, but since I’ve lived here I
don’t think this whole night was part of standard procedure.” And they didn’t have an answer. And,
so at that point they kind of sat there and hum hawed around and I said well if you…I really can’t
tell you everything I told them because I said it not the nicest way and it’s not appropriate for the air
but it’s…

Rob Well, I think people will understand, Doyel, that, well basically since this one hour and ten minutes that we’ve been into here, if you can imagine, ladies and gentlemen, waking up and expecting to go to work in the morning and then in this amount of time finding out that your best friend has been shot dead in cold blood and now all of a sudden you’re surrounded by a bunch of these people who shot your friend, not necessarily these particular individuals, this organization that has shot your friend, these are not friendlies, these are people that have to be dealt with very carefully and I can imagine that there would have been some colorful language expressed to them in the heat of the moment, like this has all happened within a couple of hours and…

Doyel Well, I told them…

Rob I don’t think you need to ask for forgiveness for that, Doyel.

Doyel No, I just told them how the county something in the real world. I corrected them on their slack job, manner of wearing their uniforms, what they call their uniforms, but which are military and that some of us actually had to earn ours and I corrected them on their styles and etiquette and their professionalism. I just did it in terms that are more military terms and with a lot of f’s in it and this and that. So, at that point, I realized that these guys were a bunch of boneheads obviously and I need to get out of there. So, I told Kirkham I said, “Well, I want a ride home”, and so he brought me home, and I kinda just camped out here and then of course, the onslaught of the people came by, the press trying to get through and down the street, interview and helicopters overhead from the news media. We’re talking ABC, NBC, CBS out of Phoenix…

Rob Yes.

Doyel The big ones, Channel 3, 5, and 10. They had helicopters, everything that they had secured that morning and flew up here. I just really didn’t have much use for any of them and I knew that whatever I said they were going to twist around, so, I just didn’t speak to any of them whatsoever, and camped out at my house, filmed what footage I could get from my angle.

Rob I’m told there is actually a video tape that exists of most of the following day.

Doyel Yeah, I have a bunch of the news clips and then of course the footage that I filmed that shows you the volume of agent cars going up and down, up and down the hill and barricades and everything. I filmed that plus at the same time I had the VCR going at that point.

Rob So, the videotape that you have, Doyel, you’re saying has the, basically all the broadcasts on local news stations that we could get with information about Bill from that day, plus some footage locally from your font yard showing cars driving up and down Bill’s hill like we said before, it is a line of sight from your front door or so.

Doyel Yeah, and I’ve been chastised for not getting all the news reports, but I would tell those people, “Well, where were you, I was kinda busy. I didn’t have time to sit there and flip through the channels and hit record, so I turned on the three major ones and hit ‘record’ and left it at that.” And I caught what they were showing about nine or ten in the morning, and it was just so absurd, it was incredible. Come about 11:00 that morning, I guess, 11:30, I had found out through information that, sources, that by Arizona law within ten days the reports have to be on file, but it’s supposed to be done as quick as possible. So, I went down and put in a request for the report, even though they didn’t have a report number yet, I just said all reports to deal with Bill Cooper and signed for them and paid. Then I found out that Sheriff Hounshell magically made it back from vacation and he just stunk of horse crap. I mean he’s shit that walks and breathes, that’s all he is. And that’s how he looks too. He showed back up miraculously for the news conference because he likes to grab the camera. And this was to be held about noon at that Incident Command Centre, and that was where the three big networks that were already up working in the area were all going to be there. So, I had an escort take me out there, not a police but a friend, so that there’d be witnesses and I tried to get in there, and they denied me access saying it was not open to civilians. So that lead
to a, of course, altercation, and I took off. Obviously they wouldn’t let me in to the press conference and here is where they really started their lies, that they had this dangerous villain, this right-wing talk show host, etc. that had massive stockpiles of food and ammunition and bombs and stuff. They had to raid him for the safety of the public and this and that and…

Rob Calling him a convicted felon at some points…

Doyel Huh?

Rob Calling him a convicted felon at some points, which is completely, utterly untrue.

Doyel Yes. And so that took place, but of course I have to see it on TV and I’m back at home and they continued their drive bys and harassments, stuff around the house, I constantly, though mind you, like every half hour, probably a lot closer than that, probably every 5 minutes, so I imagine they were getting quite annoyed. You know, I’m sitting there chewing my nails in my front yard, I’m zooming up there to the barricade asking them what’s the progress, what’s the progress and the guys put on the front was one quasi experienced officer from Springerville, the other town, and then a totally new guy that couldn’t even, wasn’t even allowed to ride by himself out of the academy and they were at the barricade and we actually together actually got accosted by someone who claimed they were from Texas, and this and that, and I just took off and went back home and I just kept checking in constantly. Then later in the afternoon…

Rob These are the same gentlemen that you brought coffee to at some point in the day.

Doyel Uh-huh.

Rob Ok.

Doyel Yeah, because the rain was horrendous and it was cold and they were stuck out there and I came up, you know, I had a cup myself but I had my thermos and I figured well hey you want a cup of coffee, I can afford it, and gave them a cup of coffee and they were mind boggled that I would do that. And that’s actually when they asked me if they were gonna die that day.

Rob The news media was playing up the fact that there was expected to be a huge influx of people to come in with, you know fully armed militia to just go against the government for whatever reason they could and this was a good enough reason, so all cops fear for your lives, and they were whipped into this kind of frenzy and that’s at the point at which you calmed their nerves, I take it.

Doyel Yeah, I think they were more comfortable at that point. I said naw, that’s not the case, I just want to get up there and probably around 3:00 in the afternoon I would guess, it’s in the report, Officer Crowe, he came to my home and he was kinda new, but on the force on his own and they figured that he could talk to me. He came down there and actually he’s been out hunting and found out about it after the fact as he’s just got back like 3 or 4 in the morning, so he was not here for any of it. They called him in and because it’s big elk season around here and he…

Doyel He’s Eagar.

Rob Is he Eagar or Apache?

Doyel He’s Eagar.

Rob Ok.

Doyel He came to the home, I let him in because I knew who he was and he was telling me “Well, here’s how we want to proceed.” And I said “Well, I don’t give a dang and you need to follow the rules,” And at that point I presented him with some simple examples from right here in the area that the search warrant taking basically everything out of the home was not really going to fly being that this guy up the street had done this, and this guy across town had done this, you know, etc. etc., I had about six different things and the same thing had not happened to them. So he ran out and talked to the leadership, and I guess they realized they were cornered. So they came back down and said, “Well, we’ll do what’s standard protocol.” I knew what that was already; that is a utility
for a residency and there was a water bill on the stove and a…oh, and then his personal favorite 45 off his bed stand and because that was basically what the Dr. Hamlin had described was a large black square shaped pistol; that was all he described on the so called assault.

Rob Basically just to give a few more details there, ladies and gentlemen, as you’re aware from listening to previous parts of this broadcast, Bill’s hill was frequented by partying teenagers and I guess this doctor had come up to the hill one day and Bill had gone to confront him and said that he wished he would leave the property basically, that kind of thing and this is where the alleged assault took place where Bill supposedly pointed a gun at him and that kind of thing, although from Bill’s recollection of the story, he never brandished the weapon. So, at any rate, this is where that came from.

Doyel Uh-huh. So, I agreed to that at that point because I knew that was there, the pistol, and I knew the utility bills were always kept because I did the mail in a little stacking thing right next to the stove on the counter. So that was a pretty simple thing. So they got them and showed them to me and then they did a walk through the house with me, where I had to look at every room.

Rob Now, when was the decision made that you would actually be the one to go in the house and not…they weren’t going to blow the front of the house off?

Doyel Just sometime during the day; actually they never told me specifically they changed direction, but just nothing happened and I could see right from here if there’s gonna be any smoke, so that’s why I was constant watching. Nothing occurred and then out of the blue here they come down, like I say, about 3:00 in the afternoon or so, and wanted to do this warrant. Now, at this point, this is the first time I’d seen it and this is what included basically everything known to man in that house. So I said, “Uh-uh, that’s not gonna fly.” So they changed directions there again and then said we’ll do standard protocol and I agreed to that. They took me to the house, room by room, and stuff wasn’t kicked in, doors weren’t ripped off cabinets, you know,

Rob Now, how many officers would have been with you for this walk through?

Doyel Uh, just one.

Rob Just one? Ok.

Doyel There were two others outside, and they were actually far away, so it wasn’t like they were worried about some confrontation. They were watching that crook in the road, is what they were doing, that’s where they were parked where you had to come up, they had it blocked with their vehicles, is what it was, and we actually got out of the vehicles there, and they kind of looked me over and then we walked to the home, so we’re talking maybe 200 feet. We walked to the house, and I looked at everything and it wasn’t like a lot of the things I’d seen people like that do, ripping cabinet doors off and stuff, it was very cleanly executed, too cleanly. So then, they showed me what they had, and I could verify that that used to be there on the night stand and used to be there next to the stove that bill and the pistol, it was the water bill. So, I signed this sheet saying that’s what they took, it was like an evidence log where you enter what you took, the date, and why and then I signed it as being the trustee.

Rob At this point, did you get any sort of feeling that they were perhaps frightened about taking everything?

Doyel Yeah.

Rob Which may have been the reason that they didn’t clean out all the tapes and computers and everything at that point in time. They were afraid of doing something like that and having a Waco type defense situation of Bill’s friends and listeners.

Doyel I think at that point they realized that they got themselves in a corner because what had happened was the Apache County Sheriff packed up and took off and then they had the search warrant that was in their possession to allegedly pursue this arrest warrant that evening before. They
just handed it to Eagar Police and said, “Here, deal with it.” And then the deputy took off, so, Eagar Police were stuck with it, who wasn’t even involved with it in the first place.

Rob They weren’t really interested in exactly pursuing that. It seems like this point that it was like fait accompli like they’d, Apache County Sheriffs Department had finished the task that they had set out to do and at that point didn’t give a rat’s butt what happened.

Doyel No, they were not worried about paper work at that point. They got done what they wanted to get done and then it was dump the paper work on the locals. So, they were just doing their thing and that’s actually very standard protocol, you know, utility bill, for residency sake and what not. Then, of course, the alleged described weapon that was supposedly used on Dr. Scott Hamlin. At that point, we went through the house, like I was describing. They said, “Ok, it’s yours.” They had me sign for it and at that point they were done, except for a lot of help, you know, after the fact, because of course there were looky loos like crazy. Supposed militia, supposed patriots, they were all goof balls and fakes, coming up to look at the blood. Some people asked even to get pictures of it, things like that and basically if I needed them all I did was get on the phoneand in a heartbeat they were there, and ran them off. They never arrested nobody, just ran them off because there were too many people poking around the place and managed to keep it secure and I wasn’t going to go back up there and sleep there. That leaves us to the…

Rob Ok, Doyel, so at this point you’ve signed off on the evidence logs as to what they’ve taken out of the house and I guess it pretty much closed up, that would be November 6 at this point, probably what time of night are we talking at this point.

Doyel I would say 8:00 or 9:00 o’clock,

Rob 8:00 or 9:00 o’clock. Ok. Now, throughout the next few days were there still news people on site looking for interviews and that kind of stuff? When did people, were there people, you know Bill’s listeners and that kind of stuff, did they show up over the next few days?

Doyel Actually there were still quite a bit of news crews and independent writers that worked, had permanent jobs, you know with different magazines show up. But most of them were absolute flakes; I can’t think of any other word, and the thing is, it’s a small town. The locals knew that it was a completely screwed up situation and these people would go around like local stock, which we don’t have many, let’s say the Circle K normally convenience store and Arbys, the only fast food that we had and ask, “Well, do you know Doyel and how can we find him?” They would just simply tell them, “Well, I don’t know.” But then, when they’d see me they’d let me know or they’d call me at home and say, “Hey this guy who looks like this was poking around.” And just let me know. The community was very supporting at this point, even a year later, even. I mean it was constant. They knew the heat that was put on, they knew the harassment that was continuing.

Rob Now, they obviously knew that Bill was your good friend. At this point, now that you’ve had, let’s say 48 hours to reflect on things, Doyel, what was going through your mind, you know personally, what…

Doyel Well, I had actually, you know at some point I had realized that the situation could go one way or another so I had to be professional and I was a good soldier and Eagle scout, what not, so I actually starting on the sixth about midmorning I called my dad, told him what happened just so he’d know, in case something happened, I wanted my dad to know that this was what really happened, and not what they say.

Rob Right.

Doyel Then, I guess it’s just a simple matter of professionalism. Ok, I had a judiciary responsibility to my best friend to safeguard the house and the property for his two beneficiaries which were Pooh and Allison, more properly Dorothy and Allison Cooper, the ones famous on the air.

Rob Exactly.
Doyel  I had to do that and then it’s just a simple fact I had to bury a friend and that takes arrangements. You have to get a funeral plot, you have to...how you going to pay for it. You gotta go to a funeral home, you gotta do this, you gotta do that. You gotta notify people, you know good friends, Bob Swan, Allan Weiner, just simple facts of life. So, I’ve seen a lot of stuff that I’m glad most people haven’t seen. At some point, you’ve got to just buckle down and just be responsible and that was…I just had to clinch down and say, “Ok here’s what needs to be done.”

Rob  Well, at that point, basically everybody’s leaning on Doyel for the next step too, like Doyel, what’s going on here, and you know you were at the center of things. I know that you and I have discussed my friend Rob Doucet who was killed in a motorcycle accident; I was actually behind him on my motorcycle at the time the accident happened and you almost go into a very detached state at that point because everybody is relying on you, asking you the questions and you’re the one that has to be strong throughout the next, at least I would say, probably week to two weeks where perhaps you don’t even have a chance to mourn yourself because you’re too busy with the details of dealing with the incident, in this case Bill’s murder.

Doyel  Yea, except for the rigmarole and what not, I was at the house quite a bit obviously, and ironically that day was the start of my new job, teaching. And so, that of course being on the news and what not and they just hired a new teacher working with little kids, that brought on that whole area of hardship, because then they’re thinking, “Well, who did we just hire?”

Rob  Right.

Doyel  Based on what the news is saying, I mean. And that turned out to he wrong and they were very happy with hiring me.

Rob  So what day was the…

Doyel  I don’t think I actually did anything emotional until probably ten days or so later.

Rob  Right.

Doyel  Well no, that’s not even correct; four days or so later. Because I’m thinking the tenth so that’s why I was saying ten, but four days later. I was just simply up in the afternoon and I had my good female friend to go with me to the home and check this and that paperwork and figure out what we could do in this and that’s finally when I broke down and realized that there wasn’t going to be another lunch date.

Rob  Right.

Doyel  Well, you know.

Rob  Yea, I know exactly how that feels. And I’m sure that people who have lost somebody close will understand just exactly what, or at least partially what you’ve gone through. Now, the funeral, Doyel, was on what day, you’re saying it was the tenth?

Doyel  No, the tenth was when I did that; but the funeral was on …I’m ashamed to say I don’t honestly recall except for the fifteenth.

Rob  Ok.

Doyel  And I’m hoping I’m not wrong but the sixteenth. I’ve kinda tried to forget about that, but it was the fifteenth or sixteenth of November. I tried to expedite it being the fact that there was no family here or nothing.

Rob  So the funeral was held in Eagar or Springerville?

Doyel  Yeah, Springerville.

Rob  Ok. Who conducted the funeral? Who was the minister at the funeral and was there any special connection to Bill with him?
Doyel: Yeah, what happened was I knew a very good Christian family that had been to the conferences and they knew me very well and their son was in a Texas whatever seminary and it’s not to be confused with a Mormon or Catholic seminary.

Rob: Ok.

Doyel: Protestant. And I thought, “Well, you know, we watched this kid grow up, what better choice and I have to notify him anyway.”

Rob: He was a younger lad I remember the funeral was videotaped, it’s not something that we’re offering here at the Hour of the Time as something that’s available for purchase or anything, just out of respect for the family, it’s something we’ve made an arrangement with the family that’s just basically close friends, things like that could view this video. He was a younger fellow.

Doyel: Oh, I’d say about twenty.

Rob: Very soft spoken on the tape; you could see that he was extremely emotional at the time as well.

Doyel: Yeah, and he did a fine job; he had grown up around us and visiting clear across the country. A lot of contacts and in fact, his mother and father constantly retell all the tales, where at the conferences I was showing them how to make their military gear more tactical so more quiet.

Rob: Right.

Doyel: How they just ate it up, you know, being like only in high school, so I felt it was only appropriate because I was going to notify them anyway and I asked Andy to do it. We won’t do the last name.

Rob: That’s fine.

Doyel: Just Andy. So, of course, he volunteered right away. Now, a large group of people that were very familiar with us and more than helping throughout the whole situation from the conferences and stuff lived roughly in the same area. Now when I say that, I mean the next state or something and they all pooled their money and rather than them come, they felt it was more important that Andy be able to get here.

Rob: Ok.

Doyel: And do the service.

Rob: Well, I can understand the fact that it was expensive to get down to Eagar. I remember I was actually on a business trip to Toronto, or I was supposed to be heading to a business trip in Toronto and when I heard the details of the date of the funeral and everything announced on WBCQ I had tried to rearrange my schedule to go down to Eagar and it was going to cost me, I believe it was either $3200 or $3600 Canadian for that last minute flight down to Eagar. So, I can understand because he wasn’t a relative of mine the airlines don’t give you the same benefit as if you’re going to the funeral of your father, or something like that, they give you some sort of compassion rate.

Doyel: Yeah.

Rob: And with the airlines, I can understand that a lot of people might have liked to have gone weren’t able to. It’s nice that they, I wasn’t aware that they had actually, some people had pooled their money to allow him to go down and basically do this to perform the service for us.

Doyel: A big group, like Carl and Denise, Andy’s family, and some other people, Paul and what not, that we had all made friends over the years and they felt it was better that he be here and do that. And when he got here, he was just nervous as get out. He got to the hotel and called me. And that’s when the other trouble started, was when people started showing up at the hotel the day before, because I had told people, “Well, it’s a very small town and because of the situation you can get directions but it might be best just to contact me, I’ll tell you how to get to my house once I
know it’s you, that is, and tell you how to get there, you just follow me, I’ll drive you down once
and you’ll know how to get there for the viewing, whatever. We had Bob and his wife stay, Swan.

Rob Bob Swan spoke at the funeral as well.

Doyel At our house, to help them out, because the drove all the way from Oregon. That is
when I found out the other thing, the clerk from the Best Western Hotel, because we don’t have
many, but we have nice ones because of the skiers, and…

Rob Snowbirds you call them.

Doyel Yeah, snowbirds, and the clerks called and said, “Hey, Doyel”. You know, this again
the community looking out for me. They said, “These people are coming in every time someone
checks in that’s not from the area and they’re asking what they’re here for and who they ask for and
they want copies of their driver’s licenses and they’re wanting us to coerce them to give them that
to check in.” And what it was is anybody visiting the funeral, because obviously out of state plates,
or rental cars, or what ever and so that’s when they turned up the heat on that. At that point, the DPS
, which is the Department of Public Safety, or the Highway Patrol if you will, found out that the
large contingency of the National Alliance which is your aligned with the Aryan Brotherhood and
everything, they have always had a problem with us, so they decided, because they have a large
contingency up here, that they were going to en masse cause a big armed ruckus at the funeral. So
the law enforcement called me on down, talked to me about it, warned me and said, “What do you
want us to do?” And I said, “Well, basically you blockade the hill and don’t allow anybody up there
at all.” And they did so. They parked a bulldozer and safety cones and everything you can think of
up there to blockade the road, until I gave the ok after the funeral services and the internment that it
was ok for this person or that person, people that were there to go ahead and help afterwards.

Rob But law enforcement was prepared for some sort of confrontation I understand that there
were snipers outside of the church.

Doyel Yeah. Outside the church, they found out where we were going to because most of the
churches turned us down and then…

Rob Which church was the ceremony done in, Doyel.

Doyel Presbyterian.

Rob Ok.

Doyel And it was more for not the churches sake that I needed a church, but it was more
because I needed a building and in a small town, that’s about your only big building.

Rob Right.

Doyel So, in desperation after being turned down by everybody I called them and Pastor
Jerry who is more than accommodating called and not only said we’re not going to charge you for
our services because that’s clean up and things like that, but we welcome you here because it
doesn’t matter what you think or I think, whatever, every man deserves a proper burial and they
wouldn’t take any money; I tried to donate money to them, they wouldn’t do it.

Rob Well, it’s good to see some kindness in…

Doyel In Springerville, where the cemetery is at proper, and that’s only because the towns
are built together, so even though it’s only a mile away it’s technically a different town.
Springerville, the city of when I went down there making those arrangements and people gotta
realize the vastness of this, this is me by myself doing all this stuff, I’m down at the city hall to get a
funeral plot because obviously it’s gotta get dug and whatever, and they did the same thing. They
said, “Man, we’ve heard and it’s screwed up and you shake our hand, then we know you’re going to
pay us back and the funeral plot will be dug, ready when you want it and where you want it. Just let
us know what you need, which is also abnormal. You normally pay upfront.
Rob So where exactly is Bill’s body now, where is the gravesite?
Doyel It’s in the Springerville cemetery.
Rob Ok.
Doyel And it overlooks the...it’s exactly as if you were sitting on the back porch of his home because you can see his back porch from the plot. It’s just down the hill; let’s say a quarter of a mile as the bird flies.
Rob There are two big hills basically in Springerville/Eagar and one of them, the smaller of the two hills, I guess, is the hill that Bill’s house was built on and then how far away did you say Doyel?
Doyel I would guess a quarter mile as the bird flies.
Rob And there’s another hill with the cemetery on it and so Bill’s basically facing out his front porch looking, or his back porch actually looking off his veranda the same sunset he would have seen in the past.
Doyel Well, what he liked the best and that was just a unique way the way I found the gravesite; it was definitely God’s hand working there because I had never been to that cemetery. I had no reason to be there ever in my entire time living here, and I walked straight to that plot. And I looked to my left and there was a house and the back porch and I looked forward and there was the view that we sat so many times enjoying while we barbequed and that’s what he liked the best and I said, “You know what, this is it.” And ironically it was open; it filled up on each side already but that spot was open. They did the same thing; in fact the funeral home also was very congenial. They’re normally pay up front and we’re talking seven grand for a very basic thing.
Rob Yes, indeed.
Doyel And he did the whole thing on a handshake, no money up front, no nothing. And we did pay him back but…
Rob Well, I think ‘we’ means Doyel paid him back.
Doyel So, yeah, some people were willing to work. And they did though at the funeral service also besides the fact of what they were doing at the hotel and that’s the Apache County Sheriffs again, you know, harassing the clerks to get information from any guests that were visiting for the funeral, I mean. Around the church, they had secured snipers and tactical teams and then with binoculars and scopes and snipers and even two helicopters had everything ready to attack the actual cemetery site. This isn’t ‘guestimation’ or fantasy, or nothing like that, they were there stationed, just out of view of normal life but with binoculars, they were there. But we weren’t the boogey man that they wanted us to be, so they didn’t get to get their thrill that day attack anybody.
Rob Well I think perhaps the jacket that Tim wore to the funeral, the tyranny response team, I think that said it all. It was certainly a tyrannical take-down of Bill and I think that the only shot that needed to be fired was the political shot of having that tyranny response unit or whatever jacket said it all.
Doyel Uh-huh.
Rob Of course, there was never even anything close to an armed confrontation with Bill’s followers or anything like that. They were there for a funeral; they were there mourning their friend.
Doyel Out of town protesters, the National Alliance people like that. So, after the internment, you know, because you move on from church and go to the actual site and then put them in their final place. We did all that, and then we went back to the church and we had food, which by the way also if you couldn’t afford it, people, friends cooked up and volunteered all the food from the area. Then following that we went up to the house and proceeded just to get the house in order, trying to get something figured out for a game plan; what do we do next now, you know with all the books
and all that.

Rob: Well, basically everything in the house, what do we… I mean it’s Bill’s not there to pay the mortgage anymore so, obviously the house had to be sold and the contents had to be moved somewhere, which…

Doyel: Stored.

Rob: Temporarily were moved to, yes storage and then the Bill Cooper Memorial Library that you would open for I guess it was probably almost two years, the doors to that were open and that’s where the studios were in Eagar as well.

Doyel: And you know I know that the interview to any listener that either wants to knit pick or be a chair born ranger or whatever is going to open up all sorts of other questions and then they can say, “Why didn’t you say this, why didn’t you answer that?” Well, simply is the fact is that in this little interview tape we’re doing to try and consolidate the issue of the murder and funeral; if we answered every tangent that was brought up and I can give you the answers to them, we’d be talking about another twenty-five hours.

Rob: No kidding, yeah.

Doyel: So, you know just saying that right off the bat for the nay sayers and whatnot, no, everything was not answered. Do we have it? Probably nine-nine per cent chance yes, I do know it, but…

Rob: I think at this point we should let people know that until the documentary on Bill’s life is released, and that’s of course the video documentary that we’re talking about being produced by the gentleman in New York, until that’s released I don’t think we’ll have any more comments on what’s going on. Now, granted if Craig is available to do an interview following his analysis of some of the police reports and things like that, that may come on the air between now and then but we’re going to try and approach this in smaller chunks now that we’ve done this, what we thought would be one hour and I’m looking at the clock here again and we’re probably 7 or 8 minutes away from the top of the second hour, so we’ve certainly covered more details than you and I had theorized earlier in the evening, Doyel, so.

Doyel: Well, it will be done once and for all and basically all I’ve got to say at this point it’s not an issue of hiding this or whatever the nay sayers want to do and accuse us of; it’s just a matter of, ok, there’s these 2 hours, there’s the autopsy recording, there’s all the vast number of shows that I’ve already done on this subject and that’s basically it. I just don’t have the time to type; we’ve got 7 this week alone, Rob. So, can you imagine typing, because you’re going to have to, this 2 hours into a transcript 7 times in one week.

Rob: Yeah, I know.

Doyel: You can’t do it. I mean you just can’t do it. So this is it. It’s going to be available. If you want to get it, it’s there. I’m not going to keep making all these custom emails and full explanations and time lines and all this anymore.

Rob: That’s part of the idea with these two broadcasts is that we will have something concrete on the website so that when people ask, “You know, hey, I’m new to Bill Cooper, I just finished reading his book last week, I showed up on the website and all of a sudden I discovered he’s dead, can you give me details on why he was killed and what happened and all this kind of stuff.” Well, this is the summery we’re doing tonight, ladies and gentlemen, or this afternoon.

Doyel: That’s it until the documentary.

Rob: That’s it until the documentary. Exactly.

Doyel: Well, I guess that would about sum it up and then at some point later on if…

Rob: There’s just one other thing I’d like to bring up, Doyel, and that was, I understand Bill’s
ex-wife, I believe her name is Sally. Now in 2001 I guess they would have been divorced for approximately 20 years or something like that, a lot of the listeners from the Hour of the Time may recognize the name Jessica, she was on some of the chat groups and had come to visit Bill in Eagar after he’d moved to Eagar and they’d sort of caught up after a decade of so of not being in touch. I understand they contacted you, I guess they were contacted by the authorities and they got some information from the WilliamCooper.com website at the time, could you just give a bit, maybe a synopsis of what happened with Sally and Jessica?

Doyel: Well, yeah, basically they had found out from the federal Marshall what had happened, plus the website and Sally immediately started calling, 1:00 in the morning, 2:00 in the morning, things like that, calling the funeral home directly trying to cancel the arrangements because it didn’t fit her schedule—we’re talking a lady who hasn’t been around for 20 years.

Rob: Right.

Doyel: And she wants to change everybody’s natural plans to come here for her, and it culminated the day of the funeral with them showing up in a rental pickup and me really lost as to why and I said, “Why did you rent that little pickup because you’re griping about being cramped up. Why didn’t you get a car?”“Oh, we came to get what’s ours.” And she tried to assert that she was a trustee, which was completely bizarre. The lawyers threw it out in a heart beat as well as the ones that even she hired dumped it; didn’t even want the case because it was so dumb and stole the guest sign-in book at the funeral which I had saved for the daughters, Pooh and Allison.

Rob: Pooh and Allison, yeah.

Doyel: And took that and Pastor Jerry got that back for me and Jerry of the mortuary service. During the services, that came up missing and they secured that. They tried to take the flag during the interment at the gravesite from his casket. And after such ludicrous behavior, they came in to the food part afterwards and threw a tantrum and said, “You haven’t seen the last of us and we’re going to sue you, etc.” and they stormed out of there and these are coming from the people that have never been here, as far as her and…

Rob: Sally.

Doyel: Haven’t been married to Bill for 20 years and have not offered a single penny of help throughout the circumstance whether it be funeral, food or whatever. They were quite the nightmare. Of course, Jessica and her tried to pursue a lawsuit by threatening us with scare tactics and I told them to “go piss up a crooked stick” and then they went and got a lawyer and that didn’t work and they finally realized they had nothing to stand on; they were not trustees, never had been, were anything close to it.

Rob: Well, we’ve got about 30 seconds left here, Doyel, so perhaps I guess on a future program we can get into some of the lawsuits and things. I guess, just in general we need another hour to wrap up some of the things that happened after Bill’s murder, but at least we’ve gotten down everything that happened in those crucial two weeks and I’d like to thank-you again, Doyel, for doing this for us. You’ve been listening to the Hour of the Time for Monday, March 28, 2005.

A gunshot entrance wound to the upper left chest is 13 inches from the top of the head and 2-1/2 inches left of midline. It is an oval perforation measuring 7/8 inch in greatest length with an inferomedial 1/4 inch rim of abrasion and a negligible rim of abrasion at the remaining margins. There is no fouling or stippling. After penetrating the skin and soft tissues of the anterior chest, the bullet passed into the posterior soft tissues of the upper left arm. There is marked hemorrhage along the bullet track. There are no underlying vital injuries. The bullet lodged in the left triceps muscle, 6 inches from the top of the shoulder. The bullet is of medium caliber, yellow-metal jacketed, and markedly deformed at its nose. "F" is now inscribed on its base, and the bullet is retained as evidence. The direction this bullet traveled is front-to-back, right-to-left, and slightly downward (Comment: for bullet to have this path, the left upper extremity must have been raised).

Gunshot Wound to Torso #2 (Left Anterior Chest):
A gunshot entrance wound is at the left chest slightly above and to the right of the left nipple, 17 inches from the top of the head, and 4-1/2 inches left of midline. It is an oval perforation measuring 1/2 inch with an inferomedial 1/4 inch rim of abrasion and a negligible rim of abrasion at the remaining margin. There is no fouling or stippling. After penetrating the skin and soft tissues of the left chest, the bullet passed upward and leftward through the soft tissues of the left chest and shoulder. There is marked hemorrhage along the bullet track.
A gunshot exit wound is at the outer aspect of the left upper extremity, 1 inch from the top of the shoulder. It is an irregular 1/2 inch "U"-shaped defect with a negligible rim of abrasion. On the small flap of tissue at its center is a 1/4 inch red abrasion. There is no fouling or stippling. No bullet is recovered. The direction this bullet traveled is right-to-left, front-to-back, and upward.

Gunshot Wound to Torso #3 (Right lateral Chest):
A gunshot entrance wound is slightly above and to the right of the right nipple, 15-3/4 inches from the top of the head and 7-1/2 inches right of midline. It is a 3/4 inch oval perforation with a lateral 1/4 inch rim of abrasion and a negligible rim of abrasion at the remaining margins. There is no fouling or stippling. After penetrating the skin and soft tissues of the anterior right chest, the bullet passed through the anterior right chest wall leaving an approximately 3 inch defect at the anterior 4th through 6th ribs (Comment: injury contributed to by Gunshot Wound #4). The bullet then passed into the pericardial sac perforating the right ventricle, 1/2 inch. The bullet then passed through the septum to exit the lateral left ventricle through a 2 inch defect. There are approximately 500 ml of blood and blood clot in the right hemothorax; there are approximately 1200 ml of blood and blood clot in the left hemithorax. The bullet then exited the left hemithorax through the lateral left 7th rib. There is marked hemorrhage along the bullet track. The bullet lodged at the left lateral torso, 20 inches from the top of the head. There is an overlying 1/2 inch slit-like defect. There is no fouling or stippling. The bullet is yellow-metal jacketed, of medium caliber, and markedly deformed at its nose (Comment: mushroomed). "C" is now inscribed on its base, and the bullet is retained as evidence.

Gunshot Wound to Torso #4 (Right Lateral Chest):
A gunshot entrance wound is lateral to the right nipple, 18-3/4 inches from the top of the head and 7 inches right of midline. It is a 1/2 inch circular "punched-out" defect without a rim of abrasion. There is no fouling or stippling. After penetration the skin and soft tissues of the right anterior
The bullet passed through approximately a 3 inch defect at the anterior right 4th through 6th ribs (Comment: Injury contributed to by Gunshot Wound #3, see above). The bullet then passed leftward through the pericardial sac to strike the heart tangentially leaving a 6 inch long defect involving the right ventricle and apex. The bullet then passed through the anterior aspect of the left hemidiaphragm before leaving the left hemithorax through the 8th intercostal space laterally. There is marked hemorrhage along the bullet track.

The bullet lodged in the subcutaneous tissues of the left lateral torso, 22-1/2 inches from the top of the head. Overlying this site of lodgement is a 5/8 inch irregular skin defect without a rim of abrasion. There is no fouling or stippling.

The bullet is yellow-metal jacketed, of medium caliber, and markedly deformed at its nose (Comment: mushroomed). "B" is now inscribed on its base, and the bullet is retained as evidence.

The direction this bullet traveled is right-to-left, front-to-back, and downward.

Gunshot Wound to Torso #5 (Right Upper Quadrant):
A gunshot entrance wound is at the anterior abdominal wall at the right upper quadrant, 23 inches from the top of the head and 3 inches right of midline. There is no fouling or stippling.

It is a roughly circular 5/8 inch perforation with a V2 inch superolateral red rim of abrasion and an approximately 1/4 inch symmetric rim of abrasion at the remaining margins. Lying just superior and lateral to this entrance wound are four obliquely oriented brown dried abrasions measuring 1/6 inch. These abrasions lay in a row measuring 1/2 inch long, lay 1/16 inch apart, and lay 3/4 inch from the aforementioned rim of abrasion edge.

After penetrating the skin and soft tissues of the anterior abdominal wall, the bullet passed leftward and downward through the omentum before lodging in the left lower quadrant subcutaneous tissues. There is marked hemorrhage along the bullet track.

The bullet lodged in the left lower quadrant subcutaneous tissues, 31-1/2 inches from the top of the head and 5-1/2 inches left of midline. Overlying this site of lodgement is a 2 inch purple contusion.
Gunshot Wound to Torso #5 (Right Upper Quadrant) (Continued):
The bullet is yellow-metal jacketed, of medium caliber, and
markedly deformed at its nose
(Comment: mushroomed). "D" is now inscribed on its base, and the
bullet is retained as
evidence.
The direction this bullet traveled is right-to-left, downward, and
slightly front-to-back.

Gunshot Wound to Head:
A gunshot entrance wound is within the substance of the right ear,
4-3/4 inches from the top of the head, and 4-1/2 inches posterior
to the anterior plane of the forehead. There is a negligible rim of
abrasion. This gunshot entrance wound measures 1/2 inch within
the ear and 1 inch behind the ear. A periphery of stippling is
present and measures from 1-1/2 inches (posterior) to 5 inches
(inferomedially).

After penetrating the right ear and skin behind the right ear, the
bullet passed downward and leftward through the tissues of the
upper right neck and basal skull. There is marked hemorrhage
within the soft tissues. There is an approximately 2 inch fracture of
the anterior-medial occipital skull. There is marked accompanying
basilar subarachnoid hemorrhage. The right transverse processes of
cervical vertebrae 1 and 2 are markedly disrupted and are involved
in the aforementioned hemorrhage.
The bullet is recovered along the right side of the upper cervical
spinal cord, 6-3/4 inches from the top of the head.
The bullet is yellow-metal jacketed, of medium caliber, and
markedly deformed at its nose and side. "E" is now inscribed on its
base and the bullet is retained as evidence.
The direction this bullet traveled is right-to-left, downward, and
without front-to-back deviation.

Gunshot Wound to Right Upper Extremity #1 (Distal Right Dorsal
Forearm):
A gunshot entrance wound is at the distal dorsal right forearm 22
inches from the top of the shoulder. It is a 1/2 inch circular
perforation with a symmetric 1/8 inch rim of abrasion. There is no
fouling or stippling.

After penetrating the skin and soft tissues of the right forearm, the
bullet passed through the extremity to exit the medial right flexor
forearm. There is hemorrhage along the bullet track.
The exit wound is a 1-5/8 inch irregular defect with a negligible rim
of abrasion. There is no fouling or stippling. This exit wound lies 21-23 inches from the top of the shoulder.

There is no fouling or stippling.
There is marked hemorrhage along the bullet track. There is no underlying vital injury.
No bullet is recovered.
The direction this bullet traveled is left-to-right, downward, and without front-to-back deviation.

Gunshot Wound to Right Lower Extremity (Right Shin):
A gunshot entrance wound is at the anterior right shin, 54 inches from the top of the head. It is a 3/8 inch circular perforation a 1/4 inch symmetric rim of abrasion. There is no fouling or stippling.
After penetrating the skin and soft tissues of the right shin, the bullet passed upward through the soft tissues of the right lower leg and right thigh before lodging in the soft tissues of the right quadriceps muscle. There is marked hemorrhage along the bullet track.
The bullet lodged within the belly of the right quadriceps muscle, 50 inches from the top of the head.
The bullet is yellow-metal jacketed, of medium caliber, and is markedly deformed at its nose. "A" is now inscribed on its base, and the bullet is retained as evidence.

William Cooper was reared in an Air Force family. As a child he lived in many different countries, graduating from Yamato High School in Japan. Since he has traveled through or lived in many different foreign countries Mr. Cooper has a world view much different than most Americans.

William served with the Strategic Air Command, United States Air Force. He held a secret clearance working on B-52 bombers, KC-135 refueling aircraft, and Minuteman missiles. William received his Honorable Discharge from the United States Air Force in 1965.

William joined the United States Navy fulfilling a dream previously frustrated by chronic motion sickness. He served aboard the submarine USS Tiru (SS-416), USS Tombigbee (AOG-11), Naval Support Activity Danang RVN, Naval Security and Intelligence Camp Carter RVN, Danang Harbor Patrol RVN, Dong Ha River Security Group RVN, USS Charles Berry (DE-1035), Headquarters Commander in Chief Pacific Fleet, USS Oriskany (CVA-34).

He served on the Intelligence Briefing Team for the Commander In Chief of the Pacific Fleet. William was the Petty Officer of the Watch and designated KL-47 SPECAT operator in the CINCPACFLT Command Center at Makalapa Hawaii. There he held a Top Secret, Q, SI, security clearance.

William Cooper achieved the rank of First Class Petty Officer, QM1, E-6 after only 8 years of Naval service, a difficult task in any branch of the United States military. William Cooper received an Honorable Discharge from the United States Navy on December 11, 1975.

William attended Long Beach City College where he picked up an Associate of Science Degree in Photography. He founded the Absolute Image Studio and Gallery of Fine Art Photography in Long Beach, California.

William held the position of Executive Director of Adelphi Business College, Pacific Coast Technical Institute, and National Technical College. Mr. Cooper was the National Marketing Coordinator for National Education and Software.

He produced several documentaries covering subjects such as the Kennedy assassination and secret black projects that have built flying disk shaped craft.
William is an internationally acclaimed radio personality broadcasting the *Hour Of The Time* on WBCQ worldwide short-wave 7.415 MHz from 10 PM until 11 PM Eastern Standard Time (0300 to 0400 UTC) Monday through Thursday nights.

William Cooper is the author of *Behold A Pale Horse*. The book has become the best selling underground book of all time. It is read and promoted by word of mouth by People of all races, religions, and nationalities.

Mr. Cooper is a world class lecturer, one of the few other than superstars, monarchs, and Popes who have appeared at Wembly in London. William Cooper has lectured for 10 years in every State.

William Cooper, Trustee, has founded for Harvest Trust, the CAJI News Service, *VERITAS* national full size newspaper, The Intelligence Service, Harvest Publications, and has helped over 700 low power FM affiliate stations get equipped and on the air... including the station he manages as Trustee for the Independence Foundation Trust, 101.1 FM Eagar, Arizona, broadcasting to 7,000 people.

Under his leadership Harvest Trust ventured into the publishing trade. The first book under the Harvest Trust imprint was *Oklahoma City: Day One* by Michele Marie Moore... the definitive classic on the Oklahoma City bombing of the Alfred P. Murrah Federal Building on April 19, 1995.

Shortly after the bombing of the Alfred P. Murrah federal building Rush Limbaugh read a White House memo on the air during his broadcast which named William Cooper, "...the most dangerous radio host in America". Mr. Cooper considers William Clinton's pronouncement the greatest compliment that he has ever received.

William Cooper's FBI file, promulgated by the investigation required by his security clearances while in military service, was one of those unlawfully in possession of the White House in what has become known as, "Filegate". Shortly after this discovery President Clinton ordered all federal agencies to begin investigation, persecution, and prosecution of Mr. Cooper to shut him up.

After years of filing FOIA requests and researching the IRS William Cooper brought suit against the IRS in Federal District Court in Phoenix Arizona to force the IRS to produce proof of jurisdiction and delegation of authority which the IRS was unable to do. To short circuit Mr. Cooper's attempt to reveal the true nature of the criminal IRS, and to carry out the orders of the White House, the agency lied to a Grand Jury, not allowing William Cooper to testify, and secured indictments against Mr. Cooper and his wife Annie. This ploy successfully stopped Mr. Cooper from continuing his suit against the criminal IRS for fear of being arrested.

In 1998 VERITAS and Harvest Publications was sold to Hallmark Creative Corporation along with the copyright and all rights to all written material produced or ever to be produced by William Cooper including *Behold A Pale*

William Cooper Was Murdered!!

Details are still sketchy on what caused the Cooper shootout on November 5, 2001, but a fax sent from the Apache County Sheriff’s office sheds some more light on the subject. William Cooper was fatally wounded during a late night gunfight. Contrary to what was reported earlier, it was not a SWAT raid, but a simple confrontation between police and Cooper. One Apache County deputy, Robert Martinez was critically wounded in the exchange. Here’s what we know so far:

According to the Sheriff’s report, several deputies were positioned outside the Cooper residence to serve a warrant for Aggravated Assault and two counts of endangerment. Cooper had stated numerous times in the past that he would not surrender to law enforcement via his website and shortwave radio. Obviously, law enforcement took him seriously. The showdown began at approximately 12:15 pm local time.

After leaving his residence in his vehicle, the report states that Cooper confronted plain clothed deputies a short distance away. “As Cooper drove back to his residence, deputies attempted to stop him using a fully marked patrol vehicle to block the driveway. Cooper refused to stop or comply with verbal
orders by the deputies”, according to the report.

Cooper then drove around the patrol car to evade the arrest, and the report stated that he tried to run over one of the deputies en route back to his residence. Cooper was then followed a short distance to his residence where this time he was confronted by uniformed deputies. “After refusing once again to comply with the deputies orders, Cooper exited his vehicle and began running toward the house, firing shots with a handgun toward the deputies”, the report said. No where in the report did it mention that Cooper only had one leg – the other lost in combat long ago. Cooper died on the scene.

When Deputy Martinez took a head shot, officers returned fire, the report said. According to the Sheriff’s office, “the surgery on Martinez went well”, but the condition is still critical. There was a positive history written up about Martinez in the report, but nothing positive about Cooper, of course.

   The divisions created by the two party system have all but sealed our fate, there is no hunger for truth, only political victories, which tells me both are complicit in the “Big Lie” and the career politicians are not to be trusted because even if they are good people they’ve been handcuffed by this severely flawed system that depends on the big money to survive… Anyone trying to do the right thing must play the game and be slaves to the big money that is the only thing that secures they’re employment. Cooper was a brave soul who was sick of the pretense created by the show institutions that use diversion techniques to blind the public of ever getting near the truth, and in the way of the “secret” government that exists behind the scenes, and cares nothing about the people of this country that have been cut out of the economy in this financial trickle down con of the century. America has become a corporate dictatorship, and as long as we can provide a military for those nations who hold our debt,, we are permitted to exist and the people have lost all say of when and where our military is or isn’t used as situations have been created thru terrorism, fear, and our debt.
   So now just as the “bankers” hold our mortgages, the world owns our freedom. Peace is no longer possible for this generation, good luck to you all, and that includes all who read this.
   RIP Bill Cooper.

Mr. Cooper considered President Clinton's pronouncement the greatest compliment that he ever received. In November of 2001, Milton William Cooper was killed in a controversial shootout with the Apache County, Arizona Sheriff's Department during a raid on his home. Deputies were attempting to serve a warrant for his arrest.

I know a lot about explosives and there is no way a fertilizer bomb could have destroyed the Murrah building like that. Also, witnesses heard explosive charges going off inside the building just before the big one went outside.

Veritas News Service - The following is fact. It is not a theory it is a genuine conspiracy. I witnessed the Top Secret/Majic documents from which this information is excerpted while a member of the United States Navy attached to the Intelligence Briefing Team of Admiral Bernard Clarey, Commander in Chief of the United States Pacific Fleet.

I certify that the following information is true and correct to the best of my memory and the research that I have accomplished. I will swear to it in any court of Law.

I can produce the names of approximately 38 U.S. Navy officers and enlisted men who witnessed these documents while in the service of their country. I can produce the names of approximately 8 people involved in the UFO deception who have witnessed these documents. I can produce the names of approximately 80 others whom I suspect have witnessed these same documents. I will not reveal the names except in a court of Law that is willing to prosecute the People and organizations involved in the conspiracy to overthrow the government of the United States of America to bring about a socialist totalitarian world government.

For many years I sincerely believed that an extraterrestrial threat existed and that it was the most important driving force behind world events. I was wrong and for that I most deeply and humbly apologize.

Many years ago I had access to a set of documents that I eventually realized was the plan for the destruction of the United States of America and the formation of a socialist totalitarian world government. The plan was contained within a set of Top Secret documents with the title "MAJESTYTWELVE". There was no space between majesty and twelve. The term honored the planned placement of ultimate power in a body of wise men who are destined to rule the world as the disciples of a Messiah front man. This Messiah will serve as a buffer between the wise men and the sheople. I discovered these documents between 1970 and 1973 while I was a member of the Intelligence Briefing Team of the Commander in Chief of the United States Pacific Fleet.

MAJESTYTWELVE was in a tall thin font style... imagine the title squeezed
together between the M and E with all of the letters stretched vertically. The key to access was a Top Secret (Q) (SCI) security clearance with the compartmentalization of "MAJIC" (not magic). I cannot remember the exact font except that it is a tall thin version of San Serif... the exact name escapes me after all these years... but it is a key to access.

The plan outlined the formation of a world totalitarian socialist government. It is to be ruled by a behind-the-scenes council of wise men. A so-called Benevolent Dictator, will be presented as the Messiah.

The Constitution for the United States of America and its Bill of Rights will be scrapped. A parliamentary form of government will take its place. All military forces and individuals are to be disarmed except for an internal police force which will carry only the minimum weapons needed to maintain internal order.

"When we got organized as a country and we wrote a fairly radical Constitution with a radical Bill of Rights, giving a radical amount of individual freedom to Americans... And so a lot of people say there's too much personal freedom. When personal freedom's being abused, you have to move to limit it. That's what we did in the announcement I made last weekend on the public housing projects, about how we're going to have weapon sweeps and more things like that to try to make people safer in their communities." President Bill Clinton, 3-22-94, MTV

"We can't be so fixated on our desire to preserve the rights of ordinary Americans ..." Bill Clinton (USA TODAY, 11 March 1993, page 2A)

The only military force will be a world police force under the United Nations in sufficient numbers with state-of-the-art technology so that it can field overwhelming force against any perceived threat to the world supra government - see State Department Publication 7277. The military of the United States of America is currently filling the requirement. The senior officer corps of all of our military forces have betrayed their oaths of allegiance to the Constitution and have joined the conspiracy. They are turncoats who are actively engaged in High Treason.

The source of this conspiracy will be found in the body known as the Illuminati. It is made up of the highest adepts of the combined total of the so-called fraternal orders and secret societies. They are bound together by blood oaths, a secret religion, and the promise of an elite status within regional government, or the world supra government. Their religion is based upon the Kabbalah, the Luciferian Philosophy, and the worship of the Sun. They are not bound by any oath or allegiance save their own. They are loyal to no government or People save their own. And they are Citizens of no country save their already in place secret world government. In their own words, "If you are not one of us you are nothing." To garner some sense of "feel" for the concept see the movie They Live.

"It is a largely 'open' conspiracy, in that much of its membership, structure, methods, and operations, are matters of public record, however scattered and obscure. Its manner of coordination is atypical. Two nuclei - the elite core of the Wall Street clique (orbiting the House of Rockefeller) and the elite core of
the European financial clique (orbiting the House of Rothschild) - coordinate this global conspiracy by waging psychological warfare on the rest of the conspirators, telling each no more than is necessary for him to fulfill his designated role, often with explicit recognition neither of his role, nor of the unarticulated rules that govern him. Thus, the overwhelming bulk of the conspirators do not know, but only suspect, that they are part of and in service to 'a power somewhere so organized, so subtle, so watchful, so interlocked, so complete, so pervasive, that they had better not speak above their breath when they speak in condemnation of it' (quoting Woodrow Wilson)." - Daniel Pouzzner

You cannot hope to understand the philosophy (Illuminism) of any branch of the "Mystery School" (Illuminati) without many years of study and a complete knowledge of their "symbolic" language. You must understand that like many other organizations they attract those who completely miss the boat... or are just too stupid to "get it". When an individual joins a branch of the "Brotherhood," by any name, Freemasonry, Theosophical Society, Anthroposophic Society, Fraternitis Rosae Cruciae, Knights Templar, Sovereign and Military Order of the Knights of Malta, or any other fraternal order or secret society, no one ever sits down with them and explains the meaning of anything. An actual literal esoteric education would be too dangerous. It could result in a public expose'... something which the Illuminati must avoid at all cost. But to give those who might understand a shortcut... Illuminism is COMMUNISM.

The organization of the "Order" is a pyramidal structure of "Degrees". On the bottom are the so-called "Blue" lodges full of ignorant, materialistic, and opportunistic fools. Promising candidates are chosen to be guided up the ladder of initiation with the help of those who have gone before. The initiate is presented with the objects of study, books, symbols, ritual, and camaraderie... but Illumination must come from within. Each Degree of initiation provides a new key to ultimate enlightenment, but only for those who can truly understand the ritual and symbols of the Degree. Where understanding or the ability to keep the secrets stops... the progress of the candidate stops. Only those above the 29th Degree have the ability to understand the ultimate secrets and goals of the "Order".

The ultimate "secret" is the method of controlling large numbers of fools with the promise of a "secret" which they are led to believe will make them one of the "elect". The goal is the elimination of all religion save theirs, the elimination of all nation states, and complete control and ownership of everything, and everyone, everywhere, every moment of every day, forever.

A select few are hand picked for progress beyond the 13th Degree (York Rite) or 32nd Degree (Scottish Rite). Those chosen disappear behind the veil and become one of the "Thousand Points of Light," but they are more properly known as the "Magi". There are vertical and horizontal paths of initiation and many interconnecting degrees at the higher levels between the different orders and secret societies. A 32 Degree Freemason could, for example, actually possess over 100 different degrees.

The process of initiation and blood oaths have always been the protection of
the Illuminati in a Christian world that has had a tendency to "burn at the stake" those who differed in belief or philosophy. The "burning alive" of Jacques DeMolay, the persecution of men like Galileo and Giordano Bruno by the Catholic Church, and the persecution of their Orders has resulted in the "Brotherhoods" hatred of Christianity and the goal of the extermination of all religions save theirs.

You may verify the goal of the Illuminati by visiting the home page of Freemasonry's Grand Lodge of Scotland (if that link does not work click here). You will notice the flag of the Grand Lodge of Scotland and the "Universal" flag of Freemasonry is displayed. The "Universal" flag of Freemasonry is the United Nations Flag. (We thank those of you who responded with affidavits confirming this paragraph.) Since this paragraph has become well known the Grand Lodge of Scotland has replaced the United Nations Flag (Universal Flag of Freemasonry) on their WebPages with a graphic of the earth.

The philosophy at the core of all the Mystery Schools is secular humanism, the foundation and the font of socialism/communism. Most socialists/communists don't have the slightest idea that they are puppets of an arcane philosophy bent upon world domination. They actually believe they will ultimately realize a world where everything is free courtesy of Big Brother and where all risk and worry has disappeared... any such world would only be a world of slaves dependent upon an elite class of "Masters".

The Knights Templar were an communist organization symbolized by the two knights riding one horse. Each initiate had to give up all wealth, property, and worldly goods to the Order. Each performed according to his ability and received according to the need of his position within the order. They were pledged to absolute and unquestioning obedience to their superior Knight or knights, the Grand Master, and the Order. In that respect every knight and every piece of property, all wealth, was totally owned and controlled by the Order.

According to MAJESTYTWELVE the Knights Templar have become the driving influence at the highest levels of all the secret societies among the adepts known as the Illuminati. The most accessible font of their influence will be found in the (Cecil Rhodes) Roundtable Group (The Group), The Royal Institute Of International Affairs, the Church of Saint John the Divine in New York City, the Council On Foreign Relations, the Jason Society, the Skull and Bones Society (Russell Trust), the Scroll and Key Fraternity, the highest Degrees of the York and Scottish Rites of Freemasonry, the Ancient Order of Rosae Cruciae, and many other secret societies which collectively make up the modern equivalent of the "Brotherhood of the Snake" also known as (a.k.a.) the "Guardians," the "Builders," the "Philosophers of Fire," or the "Illuminati".

The Philosophy of the Mystery Schools is the Luciferian Philosophy as espoused by General (Christopher) Albert Pike, one of the founders of the KKK. But it is not his original thought... he just expounded upon it in forms that eventually became accessible to those who seek it out. Christopher means Christ-like. To the adept, Albert Pike achieved a mystical apotheosis in the Lodge of Perfection and brought forth the Christ within. He thus became Christed taking on the
name Christopher.
Watch "StarTrek" from the beginning episodes up to the present, and you will begin to realize that it was an indoctrination into the concepts of socialism through subliminal initiation of the youth of the nation. The Captains James T. Kirk (JTK = K(nights) (of the) T(emple) (of) J(erusalem) and Christopher Pike are symbolic salutes to the Order of the Templars, and to the Brotherhood's greatest philosopher and probably its most prolific writer the Christed General Albert Pike. The Enterprise represents their great work or plan which if navigated properly will lead them to the realization of their dream of a united socialist utopian world.

"As nearly as I can concentrate on the question today, I believe I am God; certainly you are, I think we intelligent beings on this planet are all a piece of God, are becoming God." Interview with Gene Roddenberry in "Star Trek Creator" by David Alexander, Roc, an imprint of Dutton Signet a division of Penguin Books New York, page 568, par 1

Those who understand the symbolic language will have noticed that the most recent Academy of Motion Picture Arts and Sciences Award Ceremony recognized the coming of the New Dawn. The rising Sun on the backdrop and the two triple crowns of the Mysteries representing the Trinity of Osiris, Isis, and the child Horus were revealing. Trooping before it were the Stars, some of the thousand points of light, who make the movies that mold the minds of the sheople, creating the future world.

Very simply the Luciferian philosophy is, "Adam and Eve were held prisoner in the bonds of ignorance by an unjust and vindictive God in the Garden of Eden. They were set free from their chains (Evolution through "Primordial Knowing") by Lucifer (Prometheus) through his agent Satan in the guise of a serpent (ancient symbol of Wisdom) with the gift of Intellect (Fire). Through the use of his intellect man will perfect the race (Anglo/Aryan) and will himself become God (promise of Satan to Adam and Eve)." Any religion, church, organization, or People who believe they are God, will become God, or are becoming God is practicing the Luciferian philosophy of the Mystery Schools, and are acting in furtherance of the conspiracy.

The Luciferian philosophy is a metaphor for the development of the perfected man (Marxist/Leninist) through the process of evolution by learning how to dominate and control nature (called science). The result (they say) will be the apotheosis of the race of mankind and the elimination of all who cannot make this paradigm shift in the coming New Age. The Soviet Union was the most perfect expression of illuminist secular humanist philosophy that has ever been presented before the eyes of an ignorant but gullible public. Now they strive for enslavement of the human race in the new utopia. This will be brought about through deception, manipulation, and psychological operations which make up the art of illusion called magic.

The Alchemists had the same religion but disguised it under the profane interpretation of the exoteric or outward expression of mutating lead into gold. The search for the philosophers stone was the attempt to perfect the race (Anglo/Aryan) and lead the evolution of what the Illuminati believe to be the
inferior races of mankind, what they believe to be useless eaters.

Those who are attracted to the Mysteries who are unable to grasp the esoteric meaning of their education often take the exoteric interpretation to be truth. They often turn to Satan or Lucifer (Light) as their object of worship never understanding the metaphor for a much deeper philosophy. These Satan worshipers are useful. They furnish a diversion and are often a source of large sums of money. The Brotherhood has seldom found itself lacking in fools or funds. Ex-FBI operative Ted Gunderson is the hegelian tool in this instance pointing you off after Satanists, a cul-de-sac where you will chase your own tail round, and round, and round. I do not believe that Ted knows that he is being used in this regard. I may be wrong.

Shirley McClain understands the philosophy, though probably not in its correct interpretation. She is a member in good standing. "I am GOD," is her message.

Fire (Intellect, Light, Illumination) is the God of the Mysteries and its Priests are the Philosophers of Fire (Illumined Ones or Illuminati). They believe that any concept of creation must contain the idea that all things are manifestations of a supreme force (Pantheism). Since man is the only creation with intelligence and original thought, they believe that the combined, or collective consciousness of mankind, is the mind of the Great Architect of the Universe, ergo Man IS GOD. And that should "enlighten" you to the source of some of the more difficult to understand concepts of the New Age movement.

Please do not get the fool (profane = you) mixed up with the adepts, or Fraternitis Rex Mundi, or Brotherhood (Illuminati) of the king of the World (Lucifer or Satan). Those who cannot understand this philosophy through the occult language of symbology and make the shift in thinking for the coming millenium may be doomed to extinction. The spokespersons for the New Age make no secret of their intent in that regard.

This is the age of deception. The world is on the razor. One half is scheduled to be exterminated if these people have their way, and the other half is scheduled to be enslaved when the mystical union between the moon IS (Isis or Church) and the sun RA (Osiris or Doctrine) greets the Son of the morning EL (Horus or full body of Adeptis) on the horizon (Horus risen) in the New Dawn (ISRAEL or realization of the New World Order). When the process is complete a new worldwide Soviet Union will emerge to thin the herd, shear the sheople, and march them off to enslavement or slaughter depending upon their individual ability to accept and adhere to their reeducation.

A prime illustration of the symbology of the Mystery Schools is the following Art Bell logo.
Notice the hidden messages, A.L. and R.T. Bel? Can you decipher them? Notice that a capstone is in place? Did you notice Bel is placed above the capstone by the flying arrow? Do you know what that means? Did you spot the all seeing eye?

Here is a clue... A.L. is the abbreviation for the Latin which translates Year of Light referring to the year 6,000 when the Illuminati believe Prometheus, Lucifer, Baal, Bel, Satan, the angel of light who was cast out of heaven, will triumph over God and mount the throne in the north (A metaphor for the triumph of socialism over religion, nation states, and the common herd). A.L. can be found by adding 4,000 to the current year, 1998 + 4000 = 5998. All who say they are Light Workers are engaged in the battle against God on Lucifer's behalf.

I have long recognized that Art Bell is a shill for the New World Order. It is confirmed in his book. World government is, in fact, the theme of the book.

Did you know that the sea (mare or Mary) is a symbol of vast numbers of People, the masses in Marxist symbology? Did you notice that the pyramid rises from the sea (People) and dominates the scene as a promise, or savior? Did you know the pyramid missing the capstone represents the Great (unfinished) Work of the Mystery School? Did you know that the Great Work represents social engineering (socialism) working toward the apotheosis of the race (perfected man, sixth root race) as promised to Adam and Eve by Satan, and a New World Order? Did you notice that the name Art Bell straddles the capstone signifying that he is the Light Worker, or Illumined Man, or Master Mason, or Horus, or perfected god-Man, or Savior, who completes the Great Work? Did you notice the Bright Star fallen from heaven just above the capstone? Do you know who or what it represents? Do you see the Thousand Points of Light working in silence behind the veil (clouds) in the heavens. Illuminism is Marxism. It is a false promise that the human race will be
perfected bringing a perfect utopian society through social engineering. This is a brainwashing mechanism whereby an ignorant slave race may be created to be ruled by a totalitarian socialist world government.

Art Bell is a Freemason. He is a member of the Illuminati. Art Bell's book The Quickening is one of the most blatant, in your face, pieces of new world order propaganda that I have ever seen. In it Art Bell, claiming to be a patriotic American, shamelessly advocates the formation of a world totalitarian socialist government.

"Will there be a global government with a benevolent dictator, overseeing global law, global police and a global judiciary in an attempt to make the world cleaner, peaceful and prosperous? If that's what it takes to achieve these ends, so be it." -- from The Quickening by Art Bell, page 309

The Art Bell Overnight and Dreamland radio shows dish up nightly servings of ridiculous, outrageous, and fantastic conspiracy fantasies. Occasionally Bell stirs in legitimate, real and dangerous conspiracies. Although Art Bell pretends to be serious, the mix of incredulous fantasy with fact serves to debunk all conspiracies. Bell effectively implants the idea that anyone who believes in any conspiracy is a whacked out nutcase that should be locked up in a mental institution. He is a most effective change agent operating on behalf of our enemies.

The conspiracy is racist, considering Blacks, Hispanics, and Aboriginal Peoples to be inferior races of useless eaters. They believe or at least profess that the Anglo/Aryan race is the true Israel (British Israel and Christian Identity for the dupes and an Anglophile Secular Humanism for the leaders) and thus the Master race. They have convinced the so-called useless eaters that they are friends, benefactors, and protectors. In the meantime they plan to enslave these poor People under socialism or eliminate them altogether. The Illuminati has convinced them that Karl Marx is their savior, and the sheople follow this Judas goat eagerly.

There will be no individual Rights only privileges. These will be granted or denied at will by the world supra government. All property is to be owned by the State. There will be a redistribution of wealth. They plan to eliminate class differences and reduce the standard of living to a lower level in the advanced nations, such as the united States, and to a higher standard of living in the so-called third world nations. This leveling of the standard of living will be accomplished through a global economic collapse which is in its beginning stages. The economic collapse will fulfill the goal of Marx and Engles' Communist Manifesto mandating the elimination of the middle class. The graduated income tax was the first implementation of this process and is one of the planks of the Communist Manifesto. NAFTA and GATT are a part of this process encouraging industry to move into third-world nations in order to exploit cheap labor.

All existing religions will disappear. The only religion will be the state religion (humanism or illuminism).

All County and State governments will be eliminated and replaced with regional government. These regional governments (Home Rule) are already in place.
Regionalism is gradually taking control throughout America. There will be no more cash. Trade will be accomplished by a system of computer credits with accounts accessed through debit cards or computer chip implants. The cards or implants will also serve as personal identification, drivers license, and etc. When this is completed the human race will be shackled to a computer in a never ending cycle of debt. No action or movement will ever again be private.

The plan for the creation of a socialist world government is protected by an artificial extraterrestrial threat from space. The entire UFO phenomenon and the uFOOlogy movement has been created to further the protection and activation of the plan.

Within MAJESTYTWELVE is Operation Majority justifying the plan by presenting an extraterrestrial threat as the reason for the necessity for world government ala "Who speaks for planet Earth... Argentina?" Exactly the manner in which Stanton T. Friedman ends his UFOs Are Real lectures.

Operation Majority is named after the original Bolshevik party which sparked the Russian Revolution. Bolshevik means the majority. The plan claims that if the American people are ever told of this extraterrestrial presence aliens will destroy the United States. All who have access to the plan or who inadvertently discover the plan are silenced by that warning. They believe in the government and thus believe the extraterrestrial lie. These dupes do not know that the Illuminati are the aliens who plan to destroy the United States of America in any event.

The natural skepticism of reporters insures that anyone who believes in extraterrestrial visitation or who links the so-called alien threat with the coming world government will be ridiculed and discredited.

When I saw Operation Majority while serving in the Navy I believed the alien threat was real just like everyone else. It was not until I had performed many years of research that I was able to fully understand exactly what it was that I had seen. It was extremely difficult for me to believe that my government and the United States Navy had used me, especially since I had dedicated my life to government and military service. Most government and military personnel cannot and will not believe such and idea.

The plan is real. The extraterrestrial threat is artificial. The threat is presented through the use of secret technology originally developed by the Germans in their secret weapons programs during WW-II, by geniuses like Nikola Tesla, and many others.

Military and government personnel who have access to this material believe it is real. None of them, however, has ever seen any evidence of the existence of any extraterrestrial creature or any advanced technology other than that of human origin. It is not what they see that convinces them it is extraterrestrial in origin but the manner in which it is presented. It is extremely difficult, if not impossible, to believe that Top Secret government or military documentation could be lies. It is trust in government by men and women who have given
their lives in its service that keeps this monumental lie a alive.

All so-called leaks are intentional misinformation projects designed to promote the alien threat scenario while allowing for complete deniability on the part of government. The antics of Vicki (Cooper) Ecker (CIA), Donald Francis Ecker III (Dupe), William Moore, Jaime Shandera, Stanton T. Friedman, Bruce Maccabee (CIA, ONI), Barry Taff PhD.(Pneuropsychiatric Institute of UCLA worked with recently deceased Dr. Louis Jollyn "Jolly" West), Whitley Strieber, Bud Hopkins (CIA), John Lear (CIA), Linda Moulton Howe Order of the Eastern Star and American Federation of Human Rights (American co-masonry), Art Bell (Freemason), Glen Campbell, George Knapp (Freemason), Colonel Philip Corso (CIA, a monumental liar now Deceased), Richard Hoagland and his Face on Mars, the so-called alien autopsy film, NASA and the Apollo Moon Missions, the so-called Mars Meteorite which was fraudulently promoted as containing fossil evidence of life on Mars, the War Of The Worlds, and many other people and events are projects of this type. Some (very few) of these People are unwitting accomplices in the charade and truly believe in the extraterrestrial threat.

Most of those named, and others not named, are active, and with full knowledge, agents of illuminism/socialism. The most well known are active Fellow Travelers, communist agents of the KGB, the Central Intelligence Agency, or one of the many psychological warfare agencies founded by the Rhodes Round Table Group (The Group), the Royal Institute of International Affairs, and the Council On Foreign Relations.

Exhibit A Exhibit B Exhibit C Exhibit D Exhibit E

The plan to create an artificial extraterrestrial threat to the Earth was first mentioned by the Marxist, John Dewey.

"Some one remarked that the best way to unite all the nations on this globe would be an attack from some other planet. In the face of such an alien enemy, people would respond with a sense of their unity of interest and purpose." John Dewey, New York 1917.

The premise was tested for credibility with the CBS presentation of War Of The Worlds on the CBS Radio Network by Orson Welles and the Mercury Theatre. At 8:00 PM Eastern Standard Time, on the evening of October 30, 1938, the night before All Saints Day, now generally celebrated as Halloween, an estimated six million Americans listened to the famous Orson Welles broadcast, War Of The Worlds. The broadcast described an extraterrestrial invasion from Mars. An estimated one million sheople responded with sustained credulity and fear. Thousands responded with sheer panic.

The broadcast was a psychological warfare experiment conducted by The Princeton Radio Project. The Rockefeller Foundation funded the project in the fall of 1937. An Office of Radio Research was set up with Paul F. Lazarsfeld as director. Frank Stanton and Hadley Cantril were named associate directors. Cantril used a special grant from the General Education Board to study the effects of the broadcast. Cantril published the study as a book titled The Invasion From Mars - A Study In The Psychology Of Panic. It contains a complete script of the broadcast. The book is one of a series of studies
sponsored by the Federal Radio Education Committee.

War Of The Worlds, was broadcast by Mercury Theater on the Air, from a microphone in a New York studio of the Columbia Broadcasting System. Council on Foreign Relations member Frank Stanton was a CBS executive. Stanton would later direct Radio Free Europe. Regarding the programs realism Cantril writes, "The sheer dramatic excellence of the broadcast must not be overlooked. The unusual realism of the performance may be attributed to the fact that the early parts of the broadcast fell within the existing standards of judgment of the listeners..."

A few short weeks before this broadcast, millions of listeners had kept their radios tuned for the latest news from a Europe apparently about to go to war. They had learned to expect that musical programs, dramas, broadcasts of all kinds would be cut off in a serious emergency to inform or warn an eager and anxious public. A large proportion of listeners, particularly those in the lower income and educational brackets, have grown to rely more on the radio than on the newspapers for news... On this particular night when the listener tuned to the Mercury Theater, he heard the music of "Ramon Raquello" and his orchestra coming from the "Meridian Room" in the "Park Plaza Hotel" of New York City. Soon after the first piece had begun an announcer broke in: "Ladies and gentlemen, we interrupt our program of dance music to bring you a special bulletin from the Intercontinental Radio News."

...This report brought the story of the first explosion on Mars. The music was resumed only to be followed by another break: "Ladies and gentlemen, following on the news given in our bulletin a moment ago, the Government Meteorological Bureau has requested the large observatories of the country to keep an astronomical watch..." This bulletin contains the information that a "huge flaming object, believed to be a meteorite, fell on a farm in the neighborhood of Grovers Mill, New Jersey." The swing band gets in 20 seconds more. Then the invasion continues uninterruptedly..."

The last announcement comes from New York City, the Announcer says, "I'm speaking from the roof of Broadcasting Building, New York City. The bells you hear are ringing to warn the people to evacuate the city as the Martians approach. Estimated in last two hours three million people have moved out along the roads to the north Hutchison River Parkway still kept open for motor traffic. Avoid bridges to Long Island -- hopelessly jammed. All communication with Jersey shore closed ten minutes ago. No more defenses. Our army wiped out -- artillery, air force, everything wiped out. This may the last broadcast. We'll stay here to the end -- People are holding service below us -- in the cathedral. (VOICES SINGING HYMN). Now I look down the harbor. All manner of boats overloaded with fleeing population, pulling out from docks. (SOUND OF BOAT WHISTLES) Streets are all jammed. Noise in crowds like New Year's Eve in city. Wait a minute -- Enemy now in sight above the Palisades. Five great machines. First one is crossing river. I can see it from here, wading the Hudson like a man wading through a brook -- A bulletin's handed to me -- Martian cylinders are falling all over the country. One outside Buffalo, one in Chicago, St. Louis -- seem to be timed and spaced. -- Now the first machine reaches the shore. He stands watching, looking over the city. His steel, cowlish
head is even with the skyscrapers. He waits for the others. They rise like a line of new towers on the city's west side -- Now they're lifting their metal hands. This is the end now. Smoke comes out -- black smoke, drifting over the city. People in the streets see it now. They're running towards the East River -- thousands of them, dropping in like rats. Now the smokes spreading faster. It's reached Times Square. People trying to run away from it, but its no use. They're falling like flies. Now the smokes crossing Sixth Avenue -- Fifth Avenue -- 100 yards away -- it's 50 feet --"

The announcer breaks off, and a field artillery radio operator is heard,
"2X2L calling CQ...
2X2L calling CQ...
2X2L calling CQ...New York
Isn't there anyone on the air?
Isn't there anyone...
2x2L______ (MIDDLE BREAK)"

XX (Roman Numeral 20), X-2, or 2-X are espionage code names for a double-cross. The fictitious call letters can be interpreted by insiders to mean DOUBLE-CROSS [2X] TO HELL [2L].

Hadley Cantril was born in Hyrum Utah on the 16th June 1906. He graduated Dartmouth College with a B. S. in psychology in 1928. He studied in Munich and Berlin (1929-1930). He received a Ph. D. in psychology from Harvard in 1931. In 1949 Cantril received a LL.D. from Washington and Lee University. Cantril taught sociology at Dartmouth College (1931-32), and psychology at Harvard (1932-1935), and Columbia University (1935-36). In 1936 Cantril joined the Princeton psychology department. He remained a member of the department until his death in 1969. In 1950 Cantril authored a book called Tensions that Cause Wars (1950). Hadley Cantril was an active and influential member of the Council On Foreign Relations.

The public believed the War Of The Worlds was an actual news broadcast thus setting the stage for the implementation of an alien threat scenario. The only problem was that the state of the art of technology at that time did not allow for a believable presentation. The development of saucer shaped wingless and tailless flying machines by the Germans during WW-II and the implementation of psychological warfare against the sheople of the world solved the problem.

"In our obsession with antagonisms of the moment, we often forget how much unites all the members of humanity. Perhaps we need some outside, universal threat to make us realize this common bond. I occasionally think how quickly our differences would vanish if we were facing an alien threat from outside this world." - President Ronald Reagan, in a speech made to the 42nd General Assembly of the United Nations, Sept. 21, 1987

He inserted it in eight speeches during his time in office.

Say it again Ron.
The following recently released CIA document says it all...

CENTRAL INTELLIGENCE AGENCY
WASHINGTON 25, D.C.

OFFICE OF THE DIRECTOR

MEMORANDUM TO: Director, Psychological Strategy Board

SUBJECT: Flying Saucers

1. I am today transmitting to the National Security Council a proposal (TAB A) in which it is concluded that the problems connected with unidentified flying objects appear to have implications for psychological warfare as well as for intelligence and operations.

2. The background for this view is presented in more detail in TAB B.

3. I suggest that we discuss at an early board meeting the possible offensive or defensive utilization of these phenomena for psychological warfare purposes.

Enclosure

Walter E. Smith
Director

The announcement of the Jewish Holocaust, the proposal of a World government which would prevent future genocide or wars by the formation of the United Nations in 1945, and the announcement of sightings of "flying saucers" by Kenneth Arnold, an ex-intelligence officer, in 1947 launched the deception.

The natural guilt harbored by the men of the 509th Atomic Bomb Wing after the bombing of Hiroshima and Nagasaki made them eager conspirators in orchestrating the faked crash of an extraterrestrial craft and discovery of shaved and surgically altered monkeys near Roswell, New Mexico in 1947. The artificial extraterrestrial threat was thus implanted in the mind of the public.

This recently released FBI document blows the lid off Roswell.
Applying Hitler's concept of the big lie the artificial extraterrestrial threat was nurtured and built into an always present possibility over the next 50 years. Eventually a large percentage of the world's population found themselves believing in alien ships, extraterrestrial visitation, alien mutilation of animals, and alien abductions of humans, with absolutely no proof that extraterrestrials exist anywhere in the universe, much less that any have ever visited this planet.
The artificial threat is further advanced through the mind control programming of Marxists and communists in Hollywood, radio, television, advertising, publishing houses, and the uFoolology movement all of which are in the complete control of the Illuminati and the Intelligence community. Fear is instilled through the incidental use of terror inspired by the cattle and animal mutilation by-products of the governments secret low level radiation monitoring, and the so-called alien abduction scenario induced by state-of-the-art and extremely sophisticated mind control operations.

The propaganda attack against the American People continues through movies. In Star Wars Luke Skywalker (Apollo, Horus, Osiris), the SON of a widow (initiate) goes in search of himself (Secret, lost Word, or Great Work). Jedi Knight Darth Vader (Osiris, Sun Father, Apollo, Doctrine, Lucifer, Master of the FORCE [magic] who has gone over to the Darkside (religion, nationalism, superstition) separates the Princess (the title signifies BECOMING) Lea (Isis - Moon - Church) from the Doctrine (illumination).

Luke falls in love with Lea and begins a sexless, but spiritual relationship with the Princess. This mystical union produces the child HORUS (falcon headed God) which, in the movie, is personified in the illumination of Luke transforming him into an Adept or Priest (Jedi Knight - Sun Son - Adept - Reincarnated Osiris - Apollo - God - Doctrine). He embarks upon a Quest in the Millenium (saviors always return at the millenium) Falcon (Horus as savior) to rescue Princess Lea which results in a confrontation with Vader who imparts knowledge (Intelligence - Fire) resulting in Luke finding the Holy Grail (Bloodline, Identity, Lost Word, Obelisk, Penis, Creative Force, apotheosis). With this knowledge he succeeds in reuniting (uniting in marriage) the Force (doctrine) with Princess Lea (Church) which reestablishes the Order of Jedi Knights (Congregation - full body of Adepts or Priests - sixth root race - evolved and matured mankind - God Race, Horus) producing chaos, rebellion, and the establishment of the New Dawn on the horizon (Horus Risen), the New Age, the New Atlantis, a New World Order, the socialist utopian world.

Same message in the Lion King. But this motion picture goes even further revealing the true malevolence of this deception. The Hyenas portray what the "Order" considers to be the "useless eaters of the world," blacks, Hispanics, and aboriginal peoples. The Lion is the symbol of the Tribe of Judah, the so-called Israel, Christian Identity, British Israel, International Zionism, the Anglo/Aryan race. Don't even think you understand any of this as "important". It is only the manipulation through which the Illuminati plans to wrest complete control of the world... in other words total bullshit.

The true history reveals that "King David" was never the ruler of the nation of "Israel" but conquered "Israel" as the King of "Judah". It was that war into which he sent off the husband of Bathsheba to be killed in the forefront of battle.

The three entertainment programs offered in the Luxor (source of light) Hotel in Las Vegas teach the same thing. Together they are called "The Search for the Obelisk" and is in reality the three degrees in six acts, the number of which
is 18 or 6+6+6, the symbol of a man, the illumined man Horus, or the Priest Adept of the Mysteries. All of the "Profane" who attend this program of entertainment emerge as "Master Masons" without portfolio... like the education from Star Wars, the Lion King, and StarTrek, the indoctrination is embedded in the subconscious mind of all who see this propaganda.

These movies represent an insidious indoctrination of the Peoples of the world into the Doctrine of the Mysteries. Children are especially susceptible. If it continues throughout their young lives they are certain to join one of the secret orders or at least lend their approval. You must learn to read the "symbolic language" of the Mysteries in order to guard the minds of your children against the subliminal indoctrination which is being implanted into their eager minds.

Socialists who make movies have desensitized the nation (particularly impressionable youth) to violence and bloodshed. They have fostered the notion that anything goes as long as you don't get caught... that morals are bad. Motion pictures, television, and extremely sophisticated mind control operations are destroying our society.

Who among you really believes that all of a sudden and for no reason whatsoever young children all over the nation pick up firearms and decide to murder their parents, classmates, and teachers? How many of you realize that the majority of these children were receiving treatment (hypnosis and drugs) from mental health professionals? How many of you realize that it is these same mental health professionals who have created the "alien abduction" and "abused children" phenomenon which has surged across the nation? How many of you have ever realized that most so-called mental health professionals are self confessed Marxists. When are you going to stop being ignorant sheople? Have you ever asked yourself why these incidents always happen just before legislators must vote on important gun legislation?

To make interstellar travel believable NASA was created. The Apollo Space Program foisted the idea that man could travel to, and walk upon, the moon. Every Apollo mission was carefully rehearsed and then filmed in large sound stages at the Atomic Energy Commissions Top Secret test site in the Nevada Desert and in a secured and guarded sound stage at the Walt Disney Studios within which was a huge scale mock-up of the moon.

All names, missions, landing sites, and events in the Apollo Space Program echo the occult metaphors, rituals, and symbology of the Illuminati's secret religion. The most transparent was the faked explosion on the spacecraft Apollo 13, named "Aquarius" (new age) at 1:13 (1313 military time) on April 13, 1970 which was the metaphor for the initiation ceremony involving the death (explosion), placement in the coffin (period of uncertainty of their survival), communion with the spiritual world and the imparting of esoteric knowledge to the candidate (orbit and observation of the moon without physical contact), rebirth of the initiate (solution of problem and repairs), and the raising up (of the Phoenix, the new age of Aquarius) by the grip of the lions paw (reentry and recovery of Apollo 13). 13 is the number of death and rebirth, death and reincarnation, sacrifice, the Phoenix, the Christ (perfected
soul imprisoned in matter), and the transition from the old to the new. Another revelation to those who understand the symbolic language of the Illuminati is the hidden meaning of the names of the Space Shuttles, "A Colombian Enterprise to Endeavor for the Discovery of Atlantis... and all Challengers shall be destroyed."

Exploration of the moon stopped because it was impossible to continue the hoax without being discovered. And of course they ran out of pre-filmed episodes.

No man has ever ascended much higher than 300 miles, if that high, above the Earth’s surface. At or under that altitude the astronauts are beneath the radiation of the Van Allen Belt and the Van Allen Belt shields them from the extreme radiation which permeates space. No man has ever orbited, landed on, or walked upon the moon in any publicly known space program. If man has ever truly been to the moon it has been done in secret and with a far different technology.

The tremendous radiation encountered in the Van Allen Belt, solar radiation, cosmic radiation, Solar flares, temperature control, and many other problems connected with space travel prevent living organisms leaving our atmosphere with our known level of technology. Any intelligent high school student with a basic physics book can prove NASA faked the Apollo moon landings.

If you doubt this please explain how the astronauts walked upon the moons surface enclosed in a space suit in full sunlight absorbing a minimum of 265 degrees of heat surrounded by a vacuum... and that is not even taking into consideration any effects of cosmic radiation, Solar flares, micrometeorites, etc. NASA tells us the moon has no atmosphere and that the astronauts were surrounded by the vacuum of space.

Heat is defined as the vibration or movement of molecules within matter. The faster the molecular motion the higher the temperature. The slower the molecular motion the colder the temperature. Absolute zero is that point where all molecular motion ceases. In order to have hot or cold, molecules must be present.

A vacuum is a condition of nothingness where there are no molecules. Vacuums exist in degrees. Some scientists tell us that there is no such thing as an absolute vacuum. Space is the closest thing to an absolute vacuum that is known to us. There are so few molecules present in most areas of what we know as "space" that any concept of "hot" or "cold" is impossible to measure. A vacuum is a perfect insulator. That is why a "Thermos" or vacuum bottle is used to store hot or cold liquids in order to maintain the temperature for the longest time possible without re-heating or re-cooling.

Radiation of all types will travel through a vacuum but will not affect the vacuum. Radiant heat from the sun travels through the vacuum of space but does not "warm" space. In fact the radiant heat of the sun has no affect whatsoever until it strikes matter. Molecular movement will increase in direct proportion to the radiant energy which is absorbed by matter. The time it takes to heat matter exposed to direct sunlight in space is determined by its color, its elemental properties, its distance from the sun, and its rate of absorption of radiant heat energy. Space is NOT hot. Space is NOT cold.
Objects which are heated cannot be cooled by space. In order for an object to cool it must first be removed from direct sunlight. Objects which are in the shadow of another object will eventually cool but not because space is "cold". Space is not cold. Hot and cold do not exist in the vacuum of space. Objects cool because the laws of motion dictate that the molecules of the object will slow down due to the resistance resulting from striking other molecules until eventually all motion will stop provided the object is sheltered from the direct and/or indirect radiation of the sun and that there is no other source of heat. Since the vacuum of space is the perfect insulator objects take a very long time to cool even when removed from all sources of heat, radiated or otherwise.

NASA insists the space suits the astronauts supposedly wore on the lunar surface were air conditioned. An air conditioner cannot, and will not work without a heat exchanger. A heat exchanger simply takes heat gathered in a medium such as freon from one place and transfers it to another place. This requires a medium of molecules which can absorb and transfer the heat such as an atmosphere or water. An air conditioner will not and cannot work in a vacuum. A space suit surrounded by a vacuum cannot transfer heat from the inside of the suit to any other place. The vacuum, remember, is a perfect insulator. A man would roast in his suit in such a circumstance.

NASA claims the spacesuits were cooled by a water system which was piped around the body, then through a system of coils sheltered from the sun in the backpack. NASA claims that water was sprayed on the coils causing a coating of ice to form. The ice then supposedly absorbed the tremendous heat collected in the water and evaporated into space. There are two problems with this that cannot be explained away. 1) The amount of water needed to be carried by the astronauts in order to make this work for even a very small length of time in the direct 55 degrees over the boiling point of water (210 degrees F at sea level on Earth) heat of the sun could not have possibly been carried by the astronauts. 2) NASA has since claimed that they found ice in moon craters. NASA claims that ice sheltered from the direct rays of the sun will NOT evaporate destroying their own bogus "air conditioning" explanation.

Remember this. Think about it the next time you go off in the morning with a "vacuum bottle" filled with hot coffee. Think about it long and hard when you sit down and pour a piping hot cup from your thermos to drink with your lunch four hours later... and then think about it again when you pour the last still very warm cup of coffee at the end of the day.

The same laws of physics apply to any vehicle traveling through space. NASA claims that the spacecraft was slowly rotated causing the shadowed side to be cooled by the intense cold of space... an intense cold that DOES NOT EXIST. In fact the only thing that could have been accomplished by a rotation of the spacecraft is a more even and constant heating such as that obtained by rotating a hot dog on a spit. In reality a dish called Astronaut a la Apollo would have been served. At the very least you would not want to open the hatch upon the crafts return.

NASA knows better than to claim, in addition, that a water cooling apparatus such as that which they claim cooled the astronauts suits cooled the
spacecraft. No rocket could ever have been launched with the amount of water needed to work such a system for even a very short period of time. Fresh water weighs a little over 62 lbs. per cubic foot. Space and weight capacity were critical given the lift capability of the rockets used in the Apollo Space Program. No such extra water was carried by any mission whatsoever for suits or for cooling the spacecraft.

On the tapes the Astronauts complained bitterly of the cold during their journey and while on the surface of the moon. They spoke of using heaters that did not give off enough heat to overcome the intense cold of space. It was imperative that NASA use this ruse because to tell the truth would TELL THE TRUTH. It is also proof of the arrogance and contempt in which the Illuminati holds the common man.

What we heard is in reality indicative of an over zealous cooling system in the props used during the filming of the missions at the Atomic Energy Commissions Nevada desert test site, where it is common to see temperatures well over 100 degrees. In the glaring unfiltered direct heat of the sun the Astronauts could never have been cold at any time whatsoever in the perfect insulating vacuum of space.

As proof examine the Lunar Lander on display in the Smithsonian Institute and notice the shrouded and encased cone of the rocket engine INSIDE the Lander which is attached above the rocket nozzle at the bottom center of the Lander. It is this rocket engine which supposedly provided the retro thrust upon landing on the moon and the takeoff thrust during takeoff from the moon. In the actual Lunar Lander this engine is present but in the film and pictures of the inside of the Lunar Lander that was "said" to be on the moon the engine is absent. Then examine the Lunar Lander simulator and you will see exactly where the fake footage was filmed.

It would also be a good idea for you to measure the dimensions of the astronauts in their spacesuits and then measure the actual usable dimensions of the hatch that they had to use to egress and ingress the Lander. Also measure the inside dimensions of the actual Lander and you will see that the astronauts (liars) could not have possibly left or entered in their suits through that hatch. Notice the position of the hinge of the hatch and then examine the Lunar Lander training simulator and measure all the dimensions noted above taking care to note the position of the hinge on the much larger hatch and you may become "illumined"... so to speak.

NASA claims that the space suits worn by the astronauts were pressurized at 5 psi over the ambient pressure (0 psi vacuum) on the moon's surface. We have examined the gloves NASA claims the astronauts wore and find they are made of pliable material containing no mechanical, hydraulic, or electrical devices which would aid the astronauts in the dexterous use of their fingers and hands while wearing the gloves. Experiments prove absolutely that such gloves are impossible to use and that the wearer cannot bend the wrist or fingers to do any dexterous work whatsoever when filled with 5 psi over ambient pressure either in a vacuum or in the earth's atmosphere. NASA actually showed film and television footage of astronauts using their hands and fingers normally during their EVAs on the so-called lunar surface. The films show clearly that
there is no pressure whatsoever within the gloves... a condition that would have caused explosive decompression of the astronauts resulting in almost immediate death if they had really been surrounded by the vacuum of space.

If you don't believe it try it yourself... it is a very simple experiment and does not require a rocket scientist to perform. These are just a few of over a hundred very simple and very easy to prove valid scientific reasons why NASA and the Apollo Space Program are two of the biggest lies ever foisted upon the unsuspecting and trusting People of the world.

We attempted to obtain data on Solar activity and in particular Solar flares which may have been active during the Apollo Moon Missions. We found that data is available for any day of any year during which data has been collected EXCEPT the days and hours of all of the Apollo Moon shots. That data can not be obtained from any government agency including NASA, NOAA, or the Naval Observatory. This is data that is normally collected and would have been used in calculating the dates of launch, dates and times of EVAs, and extreme radiation hazard. It would have been monitored during times of extra vehicular activity (EVA) of the astronauts while on the moon... that is if any astronauts were ever on the moon. The data is not available because it would demonstrate that the so-called astronauts would have been fried crisp. They would have returned to the earth DEAD if they had actually attempted any such missions.

In addition most, if not all, of the photos, films, and videotape of the Apollo Moon Missions are easily proven to be fake. Anyone with the slightest knowledge of studio photography, studio lighting, and the reality of Lunar physics can easily prove that NASA faked the visual records of the Apollo Space Program. No color film known to man, then or now, had or has the latitude to produce the excellent detail found in shadow and highlighted areas of the photographs supposedly taken on the moon. Any professional photographer can tell you that those photographs could only have been produced in a controlled environment using studio lighting and could not possibly have been produced in full sunlight in a vacuum on the moon. Some are so obviously fake that when the discrepancies are pointed out to unsuspecting viewers an audible gasp has been heard. Some have actually gone into a mild state of shock. Some People break down and cry. I have seen others become so angry that they have ripped the offending photos to shreds while screaming incoherently.

Kleinknect, the head of Operations at NASA at the time of the Apollo Space Program, is now is now a 33rd Degree Freemason who's brother is the Sovereign Grand Commander of the Council of the 33rd Degree of the Ancient and Accepted Scottish Rite of Freemasonry of the Southern Jurisdiction. It was his reward for pulling it off. All of the first astronauts were Freemasons. There is a photograph in the House of the Temple in Washington DC of Neil Armstrong on the surface of the Moon (supposedly) in his spacesuit holding his Masonic Apron in front of his groin. All of the senior officials of NASA have been, and are, members of the Illuminati, Marxists, or communists.

The Soviet Union planned only one manned moon mission. Soviet cosmonauts related to me that their astronauts were literally COOKED by the extreme
radiation in space when sent into high orbit through the Van Allen Belt. The USSR never again attempted to send men into or above the Van Allen Belt. If man could not survive the extreme radiation of the Van Allen Belt how could they put a man on the Moon? The Soviet Union scrapped their Man On The Moon program.

The effect upon the people of the world was that if we could go to the moon other creatures from other worlds could travel to our Earth. The escalation of the artificial alien threat scenario since that time is obvious.

The recent revelations of the fraudulent nature of NASA and the Apollo space program by the Intelligence Service and others has resulted in a flood of propaganda, television programs, and films designed to keep the sheople trapped in an ignorant deep sleep. The most ambitious are "Apollo 13" and "From the Earth to the Moon", both involving the actor/producer Tom Hanks. The latter opens with a monologue by Mr. Hanks who walks forward revealing a huge representation of the "God" Apollo (Sun, Osiris, lost word, etc.) guiding his chariot pulled by 4 horses through the heavens.

Why Apollo? Why the Sun? Why the dawn? Get a clue. Go to the Rotunda of the Capitol Building in Washington D.C., stand in the exact middle of the Rotunda and look straight up. Covering the inside of the dome for all to see is a the painting entitled "The Apotheosis of George Washington". The huge painting depicts George Washington transformed as Satan promised into a new "Sun god" (Apollo) in the chariot of Apollo being pulled by four horses across the heavens. The painting is surrounded by all the old pagan "gods" of the old Roman Empire.

Ask yourself why we use an Egyptian obelisk as the Washington Monument honoring the General who led us in our fight for independence and who became the first American President. Then realize that it represents a ray of light (Ra), Illumination, the Penis of Osiris, the "generative" or "creative force," the "Lost Word" of the Mysteries, the Sun, fire (intellect), Apollo.

A result of the Genome Project at Las Alamos Laboratory, the recent success of cloning and advances in biochemistry will produce laboratory created creatures that will ultimately be presented to the People of the world as extraterrestrial in origin. The only reason an extraterrestrial has not yet been presented to humanity is that they have not yet succeeded in making one that is believable. For an in depth explanation of this "artificial alien threat" scenario read The Report From Iron Mountain, The Probability and Possibility of Permanent Peace.

Socialist change agents known to you as William Moore, Jaime Shandera, and Stanton T. Friedman presented the hoax known as Operation Majestic-12. These fake documents were printed in the socialist New York Times. It was an attempt to lead the sheople away from the truth by presenting an artificial alien threat as a "government cover-up" of extraterrestrial visitation. Most of the well known uFOOLogists and so-called UFO researchers are Illuminati, Marxist, CIA, or KGB change agents operating in furtherance of propagandizing the American People.

You wouldn't buy a used car from any of these people... why are you buying
"flying saucers"? Stanton T. Friedman ends every lecture with an appeal for world government which he justifies by asking, "Who speaks for planet Earth... Argentina?"

Would you buy a flying saucer from this man?

I was told by one wide eyed attendee at one of Friedman's lectures that, "As a nuclear physicist he has great credibility." A thorough research of his employers for the past 25 years did not yield even one who would verify that Stanton T. Friedman had ever worked for any of them as a "nuclear physicist."

Ruby Ridge, the Waco Massacre, the attack against Patriots and Militias, and other acts of aggression against the American People who might combat this fraud are acts of war. These acts are designed to demonize fundamentalist Christians, Jews, Moslems, the lawful Militia, and anyone else who might fight in defense of the Constitution or Freedom. These terrorist acts deliver a message to the American People that any opposition to the new world supra government will be met with overwhelming force and the complete genocide of the enemies of socialism.

MAJESTYTWELVE revealed that drugs are brought into the United States by the Central Intelligence Agency, the military intelligence organizations, the Mossad, the KGB, and their partners in organized crime. The reasons given were to finance "black projects" that can never be revealed to Congress or oversight committees, and for social engineering. Within the past 2 years it has been revealed that Jewish Rabbis were at the head of drug organizations in New York and elsewhere, while other Rabbis provided the means of laundering drug money for others who imported and sold the drugs in order to finance their religious organizations or fund Israeli and Zionist projects.

Drugs have been a big help to the Illuminati's secret government. Society can be controlled by the control of drugs. This industry brings in unimaginable amounts of money which is accountable to no one. By making drugs plentiful at little or no price many people can be addicted and reduced to a form of euphemistic slavery under the complete control of the suppliers. An addict will do literally anything for a "fix". It is incomprehensible that the sheople actually wanted to elect Ollie North to the United States Senate after having been involved in trading cash for arms for drugs for more cash for more arms for more drugs... and delivering all those weapons to the enemies of the United States of America. It is my opinion that Ollie North is a disgrace to the uniform
of the United States Marine Corp.

By making drugs hard to get and jacking up the price the controllers can create massive crime waves at anytime and at any place whenever they wish. These waves of crime frighten innocent law abiding People into agreeing to give up Rights and Freedoms in order to, "get the crime and drugs off the streets". Recent polls have claimed that a majority of the American People are willing to, "give up some of their Rights and Freedom in order to get the crime and drugs off the streets". After passing draconian legislation removing Rights and Freedoms the drugs are once again made plentiful and prices are lowered. And, what do you know... the crime disappears making the new laws look like they are actually working. This technique has been extensively used in the socialists war against the Second Amendment to the Constitution for the United States of America.

The first and largest drug smuggling operations were established on behalf of the CIA by George Herbert Walker Bush while he was the President and CEO of the offshore division of Zapata Oil. Fishing boats would deliver the drugs to the offshore rigs where they were transferred to helicopters and crew boats which were never inspected by customs or any other law enforcement agency. Most of the drugs flowing into the United States are owned and controlled by the CIA, the military intelligence organizations, and the Israeli Mossad.

MAJESTYTWELVE stated that the first terrorist attack in the United States would occur in a large city such as New York or Los Angeles. Based upon that statement I accurately predicted that it would occur in New York, and it did when the World Trade Center was bombed.

MAJESTYTWELVE stated that terrorism would continue until the American People consented to be completely and thoroughly disarmed. The document stated that the second major target would be, "somewhere in the heartland such as Oklahoma City". The actual target was not named. Since the document was not specific as to the actual target and its location I did not predict Oklahoma City... but my prediction of continued terrorist attacks including major attacks upon the "heartland" of America was accurate.

The World Trade Center bombing, the bombing of the **Oklahoma City Alfred P. Murrah Federal Building** and mass shootings by mental and ex-mental patients of large numbers of men, women and children (Stockton California and many others) were, and will continue to be intentional acts of war designed to spread terror and a feeling of helplessness. Most of the ex or current mental patients who have perpetrated these acts are in fact innocent victims of mind control projects that are in activation to further the interests of the socialist new world order.

The demonization of the lawful Militia following the bombing of the Alfred P. Murrah Federal Building in Oklahoma City caused many People to abandon the cause of Freedom. The sheople were psychologically "shock" programmed to believe that the Militia and Patriots were the cause of the bombing even though the FBI issued a statement admitting that there was absolutely no Patriot or Militia involvement of any kind whatsoever.
The FBI appears to have orchestrated the attack upon the World Trade Center. Information was printed in the New York Times that proved the FBI taught the terrorists how to drive the van, build the bomb, place it in the building, and detonate the bomb. One of the FBI operatives/informants attempted to secure permission from the FBI to substitute inert ingredients so that no explosion would take place and no one could be injured. The Senior FBI agent in charge denied the request. The informant taped all of his conversations with FBI agents. A transcript of the applicable tapes was printed in the New York Times. The judge refused to allow the tapes to be presented in court in defense of the FBI operative/informant and, as usual, he was thrown to the wolves.

The attack on the Alfred P. Murrah Federal Building was designed to affect the "Heartland" so that no one will feel safe. These acts in the manner of Hegel's Dialectic are leading to a need for the elimination of the Rights of individuals and the disarmament of all peoples so that the world supra government can step up to provide the solution which will be artificial safety and security from terrorism. Thesis against antithesis equals synthesis. One result, there were many more, was the Omnibus Counter Terrorism Act which followed that gives the President the power to label any group or organization a "terrorist organization" and to arrest, imprison, and/or deport any political opposition, without trial, without Habeas Corpus, and without explanation of any kind.

If these acts of terror do not succeed there will be more bombings, chemical, or biological attacks. They will escalate in the destruction, maiming and killing of men women and especially children. More shootings at shopping centers, restaurants, and schools will occur. As a last resort, if all else fails, the Illuminati are prepared to detonate an atomic weapon in a large American city such as New York, Chicago, or Los Angeles. A war may be promulgated in the Middle East in order to provide the excuse needed to explain terrorist attacks upon the United States of America to the American sheople in order that they will accept personal disarmament in the interest of peace and security. (Not long after we posted this paragraph President Clinton attempted to justify another Middle Eastern war but was embarrassed on national television by students, during an "Town Meeting" at a well known and very large American University, who made it quite clear that his war was racist and totally unacceptable... BRAVO!)

Since the United States Army's announcement of the inoculation of all of its personnel with Anthrax vaccine I can safely predict that the next large terrorist event within the borders of the United States of America may be biological using Anthrax as the agent of destruction and death. Anyone care to take me up on this with a substantial bet?

Saddam Hussein was trained by the CIA. Saddam Hussein was put in power in Iraq by the CIA under George Bush. The United States armed Iraq and gave Saddam Hussein the technology and scientific knowledge to create weapons of mass destruction. The United States sold Anthrax to Iraq.

Saddam Hussein functions as the big "bogeyman" of the world so that the United Nations can cement its authority over so-called sovereign nations. That is why Saddam Hussein was not killed during the Gulf War. His purpose is to
function as an "Anti-Christ" to create terror in the minds of the sheople of the world. The Gulf War actually helped Iraq solve a serious population problem that was also in line with the goals of the new world order. Saddam was only going by the script given to him and played his role very well.

A best selling videotape called "The Late Great Planet Earth" concerning prophecy and narrated by Orson Wells (once again he plays a significant part in the mind control of America) was shown on television and sold worldwide for several years preceding the Gulf War. It showed a Muslim "antichrist" as the clone image of Saddam Hussein, uniform, beret, and all. Even the facial features of this "video antichrist were those of Saddam Hussein.

The goal, of course, will be the destruction of national sovereignty worldwide, the establishment of a one world socialist government under the United Nations, disarmament of all nations, and the establishment of a world police force.

The Gulf War was actually rehearsed every year for many years in "Operation Bright Star" which actually named Kuwait as the "small nation" which would be attacked by a "larger neighbor nation". Operation Bright Star was outlined thoroughly in a book published by Arco Press entitled "U. S. Rapid Deployment Forces" several years before the Gulf War took place. In the book Kuwait was named as the small nation that would be attacked by it's larger neighbor nation. Saddam Hussein played his part well... and you wondered why we never killed him. Ask the Illuminati's George Bush.

The terrorists attacks which will be launched in the United States will be blamed upon middle eastern religious fanatics, Christian fundamentalists, white supremacists, Patriots, or Militias. A more immediate result of these operations will be the increased use of military forces, weaponry, and equipment such as tanks and armored personnel carriers in civilian law enforcement, the suspension or elimination of Habeas Corpus, the elimination of jury trials, the attempted disarming of the American People, and the institution of martial law with show-trials conducted by a tribunal of judges.

When you continue to hear this Constitutional Republic referred to as a "democracy" you must remember that V.I. Lenin said, "Democracy is indispensable to socialism." When you hear our military referred to as UN Peace Keepers" remember that both Marx and Lenin defined "peace" as, "the elimination of all opposition to socialism." If you really want to discover exactly what type of government we are supposed to have read Article IV Section 4 of the Constitution for the united States of America.

When you wonder where this is all taking us remember that both Marx and Lenin stated that, "The ultimate goal of socialism is communism." And if you think the fall of the Soviet Union was the end of communism read Anatoliy Golitsyn's New Lies For Old, then The Perestroika Deception. You had better believe me when I tell you that the highest ranking communist mole in the CIA was James Jesus Angleton. The highest ranking communist mole in the government at that time was Henry Kissinger. Today it is William Jefferson Clinton.

"The hunt for Soviet spies within the CIA started after Kim Philby was forced to resign as British Security Service Director in 1951. James Jesus Angleton and
Kim Philby worked very closely together and shared an office in London during WW-II. In 1963 Kim Philby defected to the USSR. In 1964 the HONETOL Committee was formed to look into the mole question. It was in existence from November 1964 to April 1965, and consisted of ANGLETON, Newton S. Miler and Bruce Solie from the CIA's Office of Security, FBI domestic intelligence chief William C. Sullivan, FBI CIA liaison Sam Papich and two others. About six members of CI/SIG worked on HONETOL, including Edward Petty. Author David Wise reported other CIA officers assigned to HONETOL included Jean M. Evans, who had worked with Reinhardt Gehlen, Albert P. Kergel, John D. Walker (former Chief of Station in Israel), Charles Arnold and William F. Potocki (a former subordinate of William K. Harvey). CIA Soviet Bloc Division officers Tennent Bagley and David Murphy were the targets of this mole hunt. Both were found innocent of being moles.

"When William Colby became Director/Counter-Intelligence on May 10, 1973, he was the recipient of a report prepared by Clare Edward Petty which stated ANGLETON was the KGB mole in the CIA. Clare Edward Petty's report suggested that ANGLETON had studied under, and been too close to, Kim Philby; had spread misinformation when he suggested the Sino/Soviet split had been contrived; and had trusted Anatoliy Golitsyn. Clare Edward Petty suggested ANGLETON demoralized the CIA: "ANGLETON put forth the proposition that the KGB was so totally superior, and so all-knowing, that anything CIA or any of the other allied intelligence services tried to do was negated from the word go. The operational side was totally frustrated over a period of years. ANGLETON propounded the proposition that operations against the Soviets were doomed to failure."

To William Colby, Edward Petty's report was a product of "the ultra-conspiratorial turn of mind" which he disliked in ANGLETON. - from "The Mole Hunt"

The truth is that Angleton did all of the above except "trusted Anatoliy Golitsyn". James Jesus Angleton never trusted Golitsyn although Angleton convinced Golitsyn that he did. Angleton did everything in his power to discredit and debunk Anatoliy Golitsyn. It was primarily because of Angleton's opposition to Golitsyn's information that it was ignored by the majority of senior officials within the government. I know this to be fact as I was privy to many of the official analysis' regarding the "Golitsyn Debriefings" and Angleton's many warnings that Golitsyn's revelations regarding the Soviet's long range plans to disarm the west were misinformation.

Another Russian defector and ex-GRU colonel Stanislav Lunev recently confirmed Anatoliy Golitsyn's warning. Lunev testified that Russia continues to develop elaborate war plans against the United States including domestic sabotage: assassination of American political leaders and the use of chemical and nuclear weaponry.

The Turner Diaries were actually written by the CIA prior to 1972. They were not written by Pierce. The concept of leaderless resistance was promulgated to enable easy destruction of any resistance to the world supra government. Small scattered units without a concerted tactical plan and a solid reliable command structure will be defeated in a very short period of time. No such movement could ever affect the necessary political control to restore order and re-institute government of any kind even if they managed to win the war, an
impossible feat using leaderless resistance.

William Pierce, who claims to have written the Turner Diaries, is a Marxist change agent provocateur operating in the Hegelian dialectic for the purpose of creating a racist enemy of the new world order establishing an Aryan racist Christian Identity movement which he will label "Patriot" and "Militia" that will be scorned by the populace... thus turning the sheople to world government and away from Patriotism or religion as the solution to their problems.

Many of the so-called Patriot leaders such as Lt.Col. James "Bo" Gritz Freemason/Illuminati, Tom Valentine Stelle Group/Illuminati, Lars Hansson Stelle Group/Illuminati US Customs Service, Mark Koernke Change Agent (misinformation), Kurt Saxon Illuminati, Dr. Peter Beter Illuminati, and many others are actually change agents of Illuminati socialism or the Intelligence community as a part of Project Trojan Horse. Hegel would be proud to see how the socialists have engineered and controlled both sides of the conflict in order to control the ultimate outcome.

World War III is being fought NOW. It is being fought with "Information Warfare" using psychological warfare, sophisticated mind control techniques, propaganda, misinformation, intimidation, fear, and manipulation. It is, in fact, a usually quiet war being fought mostly with silent weapons... but it will become very loud and very destructive. "Ordo Ab Chao" dictates that the old order be completely and thoroughly destroyed before the "new order," the Third Wave, or Third Way, can be established.

A one world socialist government is the stated and avowed policy of the United States government. The United States created the United Nations. The United States State Department wrote the policy in the document known as State Department Publication 7277. State Department Publication 7277 outlines the merger of the military of the United States with the military of the old Warsaw Pact nations and Russia as a World Peace Keeping Force under the United Nations as the ultimate goal of the foreign policy of the united States of America.

"Here is one optimist's reason for believing unity will prevail... I'll bet that within the next hundred years, nationhood as we know it will be obsolete; all states will recognize a single, global authority. A phrase briefly fashionable in the mid-20th century -- 'citizen of the world' -- will have assumed real meaning by the end of the 21st ..." -- US Deputy Secretary of State Strobe Talbott, TIME magazine column, July 20, 1992.

"The goal is to create a new social contract for a global economy... If there is a name for the Clinton approach as a politics, it is this: One nation politics..." -- Senior Assistant to the President Sidney Blumenthal, Kennedy School, Harvard, April 23, 1998

"Today, I say that no nation in the world need be left out of the global system we are constructing... those of you who have graduated today will live global lives..." -- Secretary of State Albright, Commencement Address, Harvard, June 5, 1997.
NATO is a part of the United Nations and was created under its auspices according to the UN Charter. The Warsaw Pact was a Part of the United Nations and was created under its auspices according to the UN Charter. The cold war was a scam which allowed both governments to levy large taxes which were used to develop the technology and experiment with techniques and technology which will be combined to control the population of the world. The inclusion of old Warsaw Pact nations and eventually Russia as new members of NATO is Phase II of the merger of forces outlined in State Department Publication 7277. Nato will become the police force for the New World Order.

President Kennedy presented the plan to disarm the nations and People of the world to the United Nations. The United States planted the seed of an European Union, nurtured that idea, and has supported its formation. When Kruschev, the leader of the USSR, banged his shoe on his desk at the United Nations and screamed, "We will bury you... We do not have to invade the United States we will destroy you from within," he was absolutely correct.

The progression of accomplishments toward the completion of the plan to implement one world socialist totalitarian government is guided and controlled by the hierarchy of the Illuminati in the groups known as the Council on Foreign Relations, the Trilateral Commission, the Bilderberg Group, the Round Table Group, the Royal Institute of International Affairs, top United States government officials, the senior ranks of all or our military forces, and many others including the Illuminati in government bureaucracy and industry who are members of the Supreme Council of the 33rd Degree of the Ancient and Accepted Scottish Rite of Freemasonry of the Southern and Northern Jurisdictions, the Supreme Council of the York Rite of Freemasonry, International Zionism, B’nai B’rith, the Grande Lodge of France, the Grande Lodge of England, the Order of the Golden Dawn, the Ordo Templi Orientalis, the Rosae Cruciae, the Sovereign and Military Order of the Knights of Malta, the Knights Templar, the Jason Society, the Vatican, and many others too numerous to list, see the "Occult" and other links on our home page.

The propaganda attacks become obvious when People like Mr. Leavitt and Mr. Harris are arrested and falsely charged by the Gestapo murderers (World Trade Center - Waco - Ruby Ridge - Oklahoma City) of the FBI with planning an Anthrax attack. The Marxist press immediately mounted a viscous campaign of propaganda lies. Leavitt and Harris were accused of being white supremacist militia members who were followers of "Christian Identity" who planned to launch an Anthrax attack upon New York City. Leavitt, a Jew, could not possibly be a white supremacist. Harris certainly is not. They were attempting to manufacture a vaccine which could be used to protect the general population from such an attack. The fact is that the so-called "deadly biological Anthrax weapon" which they were alleged to have was the very vaccine which they had developed. Even though these facts were eventually admitted to the public the sheople will only remember that the bad white supremacist Militia Christian right wing extremists were going to loose Anthrax upon the nation. The end result is that Harris was ordered by the court to close his home laboratory thus
ending any hope for a vaccine easily obtainable by the general public.

Politicians are controlled through the accumulation of dossiers by the FBI, the IRS, the BATF, CIA, the Mossad, MI6, the ADL, the KGB, and other Illuminati controlled organizations. Those who do not have incidents in their past that allow control by blackmail will be put in positions by one or more of the above organizations that will result in one or more incidents which will allow control by blackmail.

The Las Vegas Brothel run by Robert (Bob) Lazar was found to have video cameras throughout and was used for the collection of information with which to blackmail politicians, military personnel, and anyone else who needed to be controlled by the Illuminati. Anyone who will not play by the Illuminati rules are weeded out and quickly disappear from politics.

Remember that it was an Attorney General under 33rd Degree Freemason Franklin Roosevelt who with the stroke of a pen created the Federal Bureau of Investigation run by 33rd Degree Freemason J. Edgar Hoover. The Federal Bureau of Investigation, Internal Revenue Service, and the Anti Defamation League of B'nai B'rith are the political Gestapo for the Illuminati in the united States of America. Agents of the ADL frequently pose as agents of the FBI and IRS apparently with the full knowledge and permission of the Federal Bureau of Investigation and Internal Revenue Service.

The Constitution for the united States of America makes no provision for a "national police" or "Gestapo" nor does it grant any authority to anyone or any agency of government to create such an organization. The Federal Bureau of Investigation is not an agency of the United States government. It was not created by Congress. The FBI was created by a United States Attorney General as an investigative office of the Justice Department for the purpose of internal investigations. The FBI has no lawful authority or jurisdiction over State Citizens or within the several States of the union.

The Internal Revenue Service is a fiction that was created by an acting Commissioner of Internal Revenue to implement the graduated income tax as one of the planks of Marx's and Engles' Communist Manifesto. The Internal Revenue Service is not listed in the Organizational Structure of the Department of the Treasury in the United States Code as required by law because the IRS is not an agency of the Department of the Treasury or the United States government.

The Constitution for the united States of America does not give Congress the authority or power to delegate its power to legislate to anyone or any agency of government. No one has the power to create law or agencies of government. That responsibility rests solely and only with Congress. Congress did not create the Federal Bureau of Investigation, Bureau of Internal Revenue, the Internal Revenue Service, the Bureau of Alcohol Tobacco and Firearms, or the Secret Service.

The Internal Revenue Service and the Bureau of Alcohol and Firearms derive their only authority and jurisdiction from the Corporate Tax Act, the later Public Employees Salary Tax Act, treaties between the corporate United States, the
Crown of England, British Commonwealth nations in the Caribbean Ocean, the World Bank, and the International Monetary Fund. The IRS and BATF are in reality one organization. These agencies are unregistered agents of foreign powers and have no power or authority to tax Citizens of the several States of the Union.

The IRS, the BATF and the Secret Service are not agencies of the Department of the Treasury or the United States government and are not listed as required by Law in the United States Code under the "Organization of the Department of the Treasury" or any other department of the united States government.

These outlaw organizations were not created by Congress. The IRS, BATF, and Secret Service have no lawful authority or jurisdiction over State Citizens or in the several States of the union. The terrible truth is that any Citizen residing within the territorial boundary of any Union State who files and pays the bogus so-called income tax is voluntarily contributing to the elimination of the Middle Class (opposition to socialism) and the ultimate destruction of the United States of America. In addition it might disturb you to know that the new soviet style IRS headquarters in the Federal Building at New Carrollton, Maryland is, in fact, an Illuminati Temple.

The end result of all of this will be the destruction of the sovereignty and Constitution for the united States of America which will result in the formation of a world totalitarian socialist government. All those in and out of government who support the policy of one world government are knowingly and willingly engaged in High Treason.

Regardless of what you have been led to believe Senator Joseph McCarthy was absolutely correct, and in fact, the recent opening of the files of the KGB proved that he knew the exact number of communist agents who had infiltrated our government. The revelations of history, the records of the KGB, and the recent release of the NSA deciphered cables to and from Moscow by the Venona Project have vindicated Senator Joseph McCarthy. His investigations using "guilt by association" with known communists were legitimate as "birds of a feather" really do flock together. He was destroyed by the Marxist owned and controlled news media and Hollywood. The branding of anyone who dared to expose communists and their goal of the ultimate destruction of the United States of America as "McCarthyites" insured the increased infiltration and rapid takeover of our government by Marxists, communists, and "fellow travelers" over the intervening years.

Y2K is most definitely a technical problem. Most computers have already been fixed and will not fail when the year 2000 rolls up on the calendar. Some failures are bound to occur to some critical infrastructure but it will not be the problem doomsayers are making it out to be. Technical problems can and will be fixed. At most the population may be inconvenienced for a few days or maybe even a couple of weeks. Any responsible person who is always prepared for emergencies will survive with little if any discomfort.

The panic being promulgated by the Illuminati and socialist change agents will be the greatest problem we will face. If they succeed in causing a full blown Y2K panic, including a run on banks for cash, martial law will be declared and
you will see troops on every street corner. The potential panic is the problem, not Y2K. A run on banks will cause a complete collapse of the economy, rioting, shut down of transportation, shortages of everything including food, and the opportunity to suspend the Constitution and implement the New World Order by military force. In other words Y2K, a technical problem which can and will be fixed, is not the danger. The danger is the ignorance, and stupidity of the common herd.

Those who believe in the Book of Revelation in the King James version of the Holy Bible and other religious and/or superstitious People are being intentionally led into "millenium fever" so that they will offer no opposition to the new world order while they calmly await the workings of what they believe is the hand of God. After all, Who can oppose the bringing to fruition of the inspired prophetic Revelation of God? Apparently these People don't even read or understand the teachings of the Bible they purport to follow. The Bible says, paraphrased but accurate, that when you think he is coming he won't be here. The Bible says he will come like a thief in the night... even the elect will be fooled. Why do you think their plan calls for a charismatic world leader to be presented to the world as the Messiah?

There is more... much more... as you will come to realize on your own over the coming months and years. Seek out and join a lawful Militia or form one in your area. If you wish to remain Free you will have to fight for it... not because we want to fight, or you want to fight, but because the traitors will give us no choice in the matter. There will be either a revolution (the Marxist's choice) or there will be a serious attempt to restore Constitutional Republican government under Law (the Patriots choice). In any event there WILL BE WAR between the Citizens of the united States of America and the Marxist minions of the subversive corporate United States' new world odor.

"...History is replete with whispers of secret societies... The oldest is the Brotherhood of the Snake, also called the Brotherhood of the Dragon, and it still exists under many different names. The Brotherhood of the Snake is devoted to guarding the 'secrets of the ages' and the recognition of Lucifer as the one and only true God... It's secret symbol is the all-seeing eye in the pyramid."

"...the heart of the Bilderberg Group consists of 39 total members of the Illuminati. The three committees are made up exclusively of members of all different secret groups that make up the Illuminati, the FREEMASONS, the VATICAN, and the BLACK NOBILITY. This committee works year round in offices in Switzerland."
"Cooper states that he has traced the history of the nefarious Illuminati all the way back to the Ancient Temple of Wisdom in Cairo, long before the birth of Christ. 'The Illuminati exist today under many different names and many different occupations.' Cooper told us. 'They practice Hegalian conflict/resolution. They appear to oppose each other at the bottom ranks, but at the highest levels they are actually organizing and controlling the conflict which they have created to produce the solution that they seek.

"The Illuminati are extremely powerful, very wealthy men. They believe that they are the guardians of the secrets of the ages. They believe that the vast majority of people would not know what to do with the real knowledge and the real truth and the real science -- and would, in fact, misuse them all. They further believe that everything that they do is for the ultimate betterment and survival of humankind -- even if it means killing two billion people to reach their goal...""
